WROUGHT SAD HAVOC.

Widespread Destruction Done in the West by Storm.

Loss of Life and Property in Nebraska and Kansas—Terrific Cloud Burst in Missouri and Elsewhere.

Chicago, April 12—Last night's storm wrought such havoc with the telegraph wires that it is almost impossible to obtain particulars of the damage done in the west, where the destruction seems to have been general and widespread in the states of Iowa, Illinois, Nebraska, Kansas and Missouri. Probably the greatest damage was done in Iowa, although reports from Nebraska indicate that when full particulars have been received that state will lead in loss of property and human life.

Along the line of the Chicago, Milwaukee and St. Paul railroad in Iowa and Nebraska the storm cut a swath. The town of Akron, in the former state, was wrecked and Westfield, a few miles distant was badly demoralized.

Meagre reports from localities in the interior show the devastation was widespread, although its full extent will not be known for several days, on account of the lack of telegraphic facilities and the washing out of the country roads, rendering communication difficult and in many cases impossible.

Continuing along the railroad into Nebraska the storm swept up farm buildings, fences and bridges and finally swooped down on the town of Page, which it wrecked.

At this point the first loss of life was reported, Mrs Clara Magee being the victim. Her two children were dangerously injured and several other persons were hurt.

The storm traveled with great velocity, covering the two hundred miles between Akron and Page in an hour and a half. Damage was done further west, but owing to the complete prostration of the telegraph wires absolutely no particulars are obtainable.

The cyclone was accompanied by a down pour of rain, which added greatly to the discomfort of those who were rendered homeless and the situation in Page is described as being distressing. The streets are filled with debris of all sorts and the water has made passage in every direction almost impossible.

From Kansas the news is still more meagre. It is known that the town of Parker, on the Missouri, Kansas and Texas road, was struck by a cyclone and that the residence portion of the village was almost completely destroyed. Several persons are reported killed and a number seriously hurt. The towns of Willis and Powhattan, a short distance south of Hiawatha, are also said to have been wiped out, but nothing authentic can be learned. In the northern part of the state the storm swept over the town of Walnut, causing great damage, and then swept off northward in Missouri. In the latter state the towns of Maywood, Page City and Higginsville were wrecked and all along the route houses were blown down, outhouses and fences destroyed, and cattle killed.

At Page City William Walker and his two children were killed. At Stransberry a number of houses were wrecked and William Ward (colored) was killed and his wife fatally injured. Kansas City was visited less severely, but thousands of windows were broken by hail and cellars on the flats were flooded.

The storm extended to St. Louis also and played havoc with steamboats lying at the wharves. The steamer D. H. Pike, with five men aboard, was blown adrift and has not since been heard of. The harbor boat City of St. Louis, with several men on board, is also missing. Two wharf boats anchored close by met a similar fate, but it is believed that no one was on board them. Throughout the city the wind caused general destruction. Trees were blown down, roofs carried away and outhouses blown down. A new building on North Broadway was completely wrecked, causing a loss of $50,000. Several persons are reported seriously injured.

The storm seems to have been general throughout the west and south, extending down into Texas and north in the Dakotas. In Illinois cloud bursts occurred at various places the most destructive being at Centralia, where the water rose to a height of three feet in the streets. At Springfield the street cars were compelled to suspend operations and other damage is reported. The entire country south of Springfield to East St. Louis is flooded. Floods are also reported from Ottumwa and Burlington, Iowa, and Mitchell, South Dakota. The telegraph companies have practically gone out of business, so far as the country west of the Mississippi river is concerned. Whole sections of poles are down and the wires are in an inextricable tangle. It will probably be several days before the damage can be fully repaired

St. Louis, April 12.—St. Louis was visited by a terrific cloud burst last night, which was accompanied by a wind of nearly the proportions of a tornado. The storm opened early in the evening with a heavy rain and hail, much damage being caused by the latter. The Illinois river and Cherokee wharf boats and the steamers D. H. Pike and City of St. Louis were blown from their moorings and drifted down the Mississippi. The storm had subsided to some extent at midnight, but the lightning was still vividly playing and the heavy rain continued after nearly six hours of uninterrupted downfall. It is impossible to accurately estimate the damage already done, as telephone communication is entirely cut off and reports are extremely meager. So far as can be learned the [illegible] has been attended with no casualties. Telephone wires have been blown down in all directions, so the city is practically cut off from the outside world. Reports are coming in very slowly of heavy damages in all parts of the city. In Carondelet great damage has been done to buildings, among the number several churches. It is feared that many persons have been injured in the suburbs.

Centralia, Ill., April 12—A cloud burst in this city yesterday morning caused the entire city to be submerged, doing thousands of dollars of damage. A little river winds through the thickly settled part of the city, along which are a number of cottages with basements, all of which were flooded and the contents totally ruined.

Topeka, Kansas, April 12—Practically no information can be obtained this morning of the extent of the damage created by last night's storm. Nearly all telegraphic communication in this state has been cut off, the most westerly point reached by the wires being Salina. The northern part of the state, where it is reported that the most damage was caused, is entirely cut off and no confirmation can be had of the report of the damage done at Everest, Willis and Powhattan in Brown county. The storm swept the southern part of the state also. Many houses were destroyed at Wilbur, Linn county, among them the depot and several persons are reported injured. The town of Parker, in the same county, was also partially destroyed. A portion of the city of Parsons lay in the track of the storm and much damage to property is reported. Hail accompanied the wind and so fierce was its fall that windows were shattered and fruit trees damaged.

Cincinnati, Ohio, April 12—A terrific gale swept over this city between 3 and 4 o'clock this morning. The signal station reported the velocity of the wind at twenty eight miles per hour. From a dozen different sources come reports of an earthquake having been perceptibly felt during the night. In the big Spencer house building, at Broadway, and the Public Landing, especially on the upper floors, the shock caused great excitement. Many persons were awakened from sound sleep to hear a distant rumbling noise like that made by a heavy train of railroad cars in motion. In the Henrietta building, on West Fourth street, the inmates were greatly alarmed by the rattling of the chandeliers and flickering gas. Two distinct shocks were felt about fifteen minutes apart.

Terre Haute, Ind., April 12—The storm at 2:30 this morning was the most severe Terre Haute has experienced in thirty years. Many buildings were unroofed and the people thoroughly terrorized by the wind, hail and lightning. Eight iron columns for the train sheds at the new union station were blown down, pulling up the granite block on which they rested. Reports coming in from the county tell of many houses and barns damaged.

St. Louis, April 12—Last nights storm of rain, hail and wind was the worst the city has experienced in many years. The rainfall began shortly after 8 o'clock and with slight intervals of heavy hail, accompanied by blasts of wind, at times reaching a velocity of over fifty miles an hour, continued until 2 o'clock this morning. The rainfall is estimated at two and one half inches. At the union depot the tracks were flooded to the depth of five inches and trains were delayed from one to three hour. The telephone service was demoralized and telegraph wires in all directions were prostrated. The audiences in theaters were unable to hear a word said by the actors for a space of ten minutes. The audience at the Olympic theater was startled by a terrific crash of thunder, and became nearly panic stricken. Probably the most exciting occurrence of the night was the unroofing of the work house. It was shattered as though done by an artillery attack. The crashing of the timbers and the shrieks of the inmates made the scene one of great confusion. A squad of police was telephoned for and sent down post haste, and the institution was kept under close watch all night. The poor house female hospital and the insane asylum suffered severely. Chimneys were blown down, windows were broken, and the outbuildings, fences and shrubbery were demolished. At the poor house many of the inmates rushed from the building in a state of terror. No one was killed at any of the institutions, but several narrow escapes were made.

HARD STRUGGLE FOR A JURY.

Trial of Peter J. Clark, the Second of the Opera House Riot Cases.

Lafayette, Ind., April 12—When the circuit court closed last night no jury had been agreed on to try Peter J. Clark, one of the opera house rioters. The special venire of 125 persons is being heavily drawn on, eighty-eight being used up thus far. Nearly every man has an opinion already formed or forms one soon after getting into the box. It now looks as if there would be greater trouble getting a jury than was experienced in the case of Murphy, who was convicted last week.

Jewelry Store Robbed.

Lebanon, Ind., April 12—C. F. [illegible]'s store in this city was burglarized Monday night and several hundred dollars worth of goods consisting of gold watches, jewelry and fine revolvers were taken.

Inspection of the Rifles tonight by Major H. B. Long, of Rochester.

MOB IN PERU

Attack the Governor's Place and Hold Possession of the Town.

Affairs in Peru Appear to be Rapidly Drifting Towards a Revolution.

Panama, Colombia, April 12—Grave political troubles are reported from all parts of Peru. The most serious disorder so far reported occurred at the towns of Centerano and Chate.

An armed body of men, headed by Gabriel Riveras and a man named Cerro, attacked the governor's palace. "Viva Pirola" was their battle cry. The attack upon the palace began at 2 o'clock in the afternoon and the siege lasted until 2 o'clock the following day. During all that time the mob held possession of the town and made known their political sentiments by continuing shouting. "Viva Pierola," the ex-dictator, who is now in exile in this city, being their candidate for president.

While one portion of the mob held the town another besieged the governor's palace and volleys were fired at the official residence. Posila Pilla, one of the defenders of the house, was killed. Just as the mob was about to batter down the doors of the palace, while their leaders were shouting "kill the governor," the troops who had been sent for, appeared. The soldiers charged upon the rioters. Rivera, their real leader was killed by the first volley fired by the troops. With the loss of their leader and the approach of soldiers, the rioters became discouraged. They ceased firing and fled in all directions. They carefully retained their arms, which will no doubt be used on another occasion. Beside the leader, Rivera, three other rioters and a child were killed. More than twenty persons were wounded during the fight. Affairs in Peru appear to be drifting rapidly toward revolution.

Valparaiso, April 12—President Montt has signed the decree formally declaring the Chilian provinces of Santiago, Valparaiso, Aconcagua and O'Higgins, to be in a state of siege. There have been no serious disorders. The new cabinet has not yet been formed but will soon be announced. A despatch from Porto Alegre, Rio Grande do Sul, Brazil, says the German and Italian colonists in that state have joined the revolutionists, while from Rivera comes the report that the Castillas forces are massed at Gabriel, where they are awaiting the arrival of reinforcements sent by President Piexotto from Rio de Janerio. General Sarnvara, one of the leading revolutionists, has gone to the frontier to receive horses and arms which are expected from friends in Argentina. Among the reports which reached here yesterday was the startling one that the federals have evacuated Elegage and have refused to continue the fight. No explanations of this reported action have been received.

SHEPARD'S WILL.

The Manner in Which the Editor Disposed of His Property.

New York, April 12—The will of Elliot F. Shepard was filed for probate yesterday. It was executed July 15, 1891, and composed of an estate estimated at $850,000 in realty and $500,000 in personal property. He gives to the trustees of the Presbytery of New York $100,000 for the general religious and evangelical work of this city. He also gives the same trustees $50,000 to be used by them for the benefit of the Seventh Presbyterian church of Jesus Christ in this city. He gives to St. Paul's church of Tarsus, Asia Minor, $100,000. He devises all his real estate to his widow, Margaret Louise Vanderbilt Shepard, and makes a special bequest of $50,000 to Augustus Dennis Shepard. The residue of his estate is to go to his children. He provides that the residuary estate shall consist of his interests, which he says are controlling interests, in the Mail and Express, New York Express company, and the Fifth Avenue Transportation company, provided the stages are not operated on Sunday. In that case the interest would have to be disposed of.

MILITARY CALLED OUT

To Protect John Hudson From a Mob at Salina, Kan.

Salina, Kan., April 12—The excitement over the attempted lynching of John Hudson and the consequent fight in Salina continued all day yesterday. The prisoner has been returned to jail. It was intended to give Hudson a trial yesterday, but the officers concluded to postpone the hearing until today. The defeated lynching party has declared its intention of coming back with an increased force and lynching Hudson. Great precautions have been taken to preserve order and resist mob law. Mayor Cravens has issued a proclamation in which he declares that unlawful and riotous assemblages will not be permitted. Special police have been added to the usual force to assist in giving effect to the mayor's proclamation. Governor Lewelling in response to a request from Sheriff Anderson has ordered out company B stationed at this city to protect the jail.

MAIL CARRIERS.

The Circular Letter Issued by the Postmaster General.

Washington, April 12—Postmaster General Bissell has prepared a circular letter for distribution to the various postmasters of free delivery cities, containing the official announcement of the recent decision of the supreme court reversing the decision of the court of claims upon the operation of the eight hour law pertaining to the employment of letter carriers. The circular is understood to contain the specific instructions to postmasters regarding the working of letter carriers more than eight hours a day and provides that in cases where it is necessary for them to put in extra time they shall be paid accordingly.

HIGHLY HONORED.

Mallets and Canes Made From Perry's Ship

Presented to Three of Illinois' Greatest Statesmen — Appointments and Other National News.

Washington, April 12.—Three of Illinois' distinguished statesmen were last night the recipients of gifts, miniature in size, but embodying a vast amount of national history. They were Vice President Stevenson, Senator Palmer and Representative Springer. The gifts were two gavels and a cane of oak made from the wood of the United States brig Lawrence, Commodore Oliver Hazard Perry's flagship, in the memorable battle on Lake Erie September 10, 1813. The donor was Capt. T. J. Dunlap, of Illinois, and the material for the gifts was furnished by Capt. John Fleshardy, of Pennsylvania, whose grand-father, Daniel Dobbins, cut the first stick of timber for the building of this ship and commanded the Ohio during the engagement on Lake Erie. Captain Dunlap raised the ship after she had been sunk for over sixty years and it was exhibited at the centennial in 1876 and afterwards cut up into canes and relics. The presentations were made through ex Representative Frank Lawler and a detailed history of the relics recited by Captains Dunlap and Fleshardy. One gavel was presented to Vice President Stevenson, who responded in an appropriate and patriotic manner. The second gavel presented to Mr. Springer, was something of a surprise to that gentleman, who was instructed to use it as chairman of the ways and means committee. Mr. Springer stated that he was not now the presiding officer of that body, but if the occasion should occur he would put it in active service in framing a tariff measure on the principles of the democratic party. Senator Palmer was caned, and in his characteristic manner acknowledge the receipt of the gift, and expressed his sincere thanks for the kind consideration of his Illinois brethren. Quite a number of Illinoisans were present during the presentation.

The president today sent the following nominations to the senate:

Andrew Fyfe, of Michigan, to be surveyor of customs for the port of Grand Rapids, Mich.

Isaac Holton, to be postmaster at Plainfield, Ind.

A number of nominations for promotions in the army were also sent in.

Secretary Herbert, it is stated, has given considerable attention to the suggestion that the naval review should terminate in the firing of an international salute before the tomb of General Grant at Riverside Park, so that the naval review should close in the same manner as the Columbian parade last October. The secretary, while appreciating the force of the suggestion and the sentimental associations that would accompany its execution, doubts its practicability. He accepts the views of experienced naval officers that it would be a dangerous undertaking for so many vessels to attempt putting the plan in execution with so little water around them. He has, however, consented to have the flagship Philadelphia fire a salute. The fleet will not be anchored in a line that will extend as far up as the park, but after the ceremonies attending the president's passing through the fleet have ended, the Philadelphia will proceed up the river alone and fire a national salute before the tomb.

Secretary Gresham has been confronted with another international problem. Word has been received at the department of state of the maltreatment of American citizens on Corea by the natives. Secretary Gresham has again proclaimed the foreign policy of the department under him by requesting that a war ship be sent to the scene of the disturbance to look into the matter and prevent any further outrages upon American citizens. In accordance with the request of the secretary, Secretary Herbert cabled Admiral Harmony at Yokohoma to dispatch one of the vessels under his command to Corea and stand by to protect American people and assert American rights if the occasion demanded that a stand be taken. It will be discretionary with the admiral in sending a ship, but he will undoubtedly send one that is near for the duty.

The information is given on good authority that J. Q. Smith, of Ohio has been selected by Mr. Cleveland to be commissioner of internal revenue. Mr. Smith was endorsed by Senator Brice and Representatives Johnson and Harter. He is a radical tariff reformer.

At 2:15 Eckels' nomination to be comptroller of currency after considerable republican opposition was confirmed and the senate then engaged in routine business. The Roach case was not touched upon.

Republican League.

New York, April 12—Jas. Francis Burke, president of the national republican league, issued a call today for the league to meet in Louisville, Kentucky, on May 10, the same day that the Republican National College league meets in that city. The American Protective Tariff league will also meet at the same time.

IS IT PERSECUTION.

The Ann Arbor Pushes Its Damage Suit Against Arthur.

The Company Wants $500,000 for Alleged Loss of Traffic During the Strike.

Toledo, Ohio, April 12 The Ann Arbor railroad evidently intends following up Messrs. Arthur and Sargent and the Brotherhoods of Locomotive Engineers and Firemen. This morning Alexander Smith and F. W. Toleton, attorneys for the Ann Arbor company, filed a petition in the United States circuit court in which was stated the parts taken by P. M. Arthur and F. P. Sargent in the recent strike and saying that in consequence thereof the plaintiff was delayed and interfered with in carrying on its business in the handling and transportation of interstate traffic and was also prevented from receiving freight for transportation from other railroad companies and the plaintiff says that by reason of the said wilful combination and conspiracy, the Ann Arbor company has suffered damages in the sum of $500,000, for which it asks judgment against Arthur and Sargent.

A COAT OF TAR.

Fearful Punishment Given by White Caps to a Rapist.

Redwood Falls, Minn., April 12—A report is received from Morton, this county, to the effect that a mob of twenty or thirty men, disguised as white caps, dragged a man from his bed in that town early yesterday morning and taking him to a secluded spot tarred and feathered him, and then, to complete their work, rode him on a rail and strung him to a tree.

The man, who is a fireman, on the Minneapolis and South Louis railroad, was in a frightful condition when rescued. The cause of all the trouble is said to be that on the previous night the fireman took one of the girls employed in the Morton eating house out to a secluded place and attempted to ravish her. When she returned and told her story a mob of indignant citizens was formed and the fireman dragged from his bed as stated. The reports says that the condition of the man is critical and it is possible that the Redwood county grand jury, now in session, will take up the matter.

SEIZED A SHIP.

Revolutionists Make a Merchantman do War Service.

New Orleans, April 12.—Information was received here last night that the revolutionists in Spanish Honduras, April 6, seized the steamship Rover, of the Oteri line, and are now using her as a gunboat. On the 7th the boat was taken to Truxillo and the revolutionists stormed that city. A great number of government soldiers were killed and the revolutionists took possession of the city. The government leaders are fleeing the country for safety and the revolutionists have captured every city that was attacked. The Rover left this city March 28 for Ceiba and was loading with bananas when the vessel was seized.

A SERIOUS HITCH

At Washington Over the Fort Wayne Postoffice.

Washington, April 12—Henry C. Paul and John C. Peters, of Fort Wayne, were here yesterday in consultation with Representative McNagny over the Fort Wayne postmastership. Two or three men are demanding it, and say they will have nothing else. Each one has strong claims. It is believed here that the editor of the Fort Wayne Journal will get it, although ex-Pension Agent Zollinger's friends believe he is a sure winner. It is the intention to settle the dispute in some way soon.

LAST ENTERTAINMENT.

Morning Musical Will Close With the Celebrated Philharmonic Trio.

The last entertainment of the Morning Musical course for this season will be given Friday evening of this week. Mr. and Mrs. James Stephen Martin two of Chicago's best vocalists, will sing at this entertainment. What the Chicago Inter-Ocean says of Mrs. Martin: "Mrs. Martin, whose personal attractions and brilliant powers as a singer have made her a great favorite sang an aria from 'Gioconda' with such success that she worthily won a hearty encore."

The Chicago Evening Journal speaks of Mr Martin: "The baritone voice of Mr Martin is one possessing qualities rarely heard beautiful in sympathy and warmth, yet full of force and vigor."

NOT DEAD YET.

Gonzales Still Lives, But May Die Any Moment.

City of Mexico, April 12—The report that Ex-President Gonzales was dead proves to have been unfounded. A dispatch from Guanajuato this morning states that General Gonzales was believed to be dying Monday, but early yesterday morning he rallied. He is still alive, but his condition is hopeless and his death is hourly expected.

Died of His Injuries.

Princeton, April 12—Jacob Mauck, the brakeman who was so badly injured at Ayrshire, on the Air Line, a few days ago, died yesterday evening at Oakland City. He was a son of Abraham Mauck, a prominent grain dealer of this city.

Chester Holden, formerly of Monroeville, is practicing law in this city, having removed here and opened an office.

There will be an inspection of the Rifles at the Fair tonight. See it.

BROTHER VS. BROTHER.

Fred W. and Louis F. Limecooley in the Courts.

One Has the Other Arrested for an Assault—Two Women Fussing Before Justice Ryan.

Fred W. and Louis F. Limecooley are two brothers who have been partners in the grocery business on South Calhoun street, but it is probable that hereafter they will not continue as such, for they are at present engaged in a bitter law case which will result in a dissolution of the partnership.

They have not been able to agree and last Monday their differences led to a quarrel, in which Louis knocked Fred down, and, while lying on the floor, assaulted him by beating and stamping on him, inflicting injuries which confined Fred to the house for a day or two.

This morning the latter went to the office of Justice France and swore out affidavits against his brother, Louis, for assault and battery and asked that he be put under bonds to keep the peace. Constable Wise made the arrest and the two cases are being heard by Justice France this afternoon.

WOMAN VS. WOMAN.

Nellie Latham and Mary Fromuth are two women who are neighbors on Gay street. For some time past they have not been on the best of terms and Saturday Nellie had Mary arrested and fined for throwing her (Nellie's) dishes up against the door and breaking them.

Now comes Mary and institutes a suit in Justice Ryan's court against Nellie and another neighbor, George Koorson, for malicious trespass, the offense being that the two defendants had unlawfully trespassed upon her premises. The trial of the cases began this morning at 11 o'clock and are in progress as The Sentinel goes to press. Chester Holden is the attorney for Nellie Latham and J. R. Bittenger appears for Mary Fromuth.

COURT CULLINGS.

Dr. A. C. Boswell has qualified as guardian of the minor heirs of Peter Moran.

Harry Tonne and Amelia Wengman, Henry Doehrman and Lizzie Rippe, Geo. A. Betz and Ottilla F. Bruch have been licensed to wed.

Gustave Lechler was fined $10 and costs because he refused to give his name to an assessor or to give a list of his possessions to the assessor for enumeration.

Caroline Kirkhoff et al. have sold to Henry C. Boade lot 8, Bond's first addition, for $2900; Fred H. Bartmeyer to Albert and Caroline Melching, lot 9, M. E. Trentman's addition, for $700; R. L. Romy to Henry J. Harkenrider, lot 21, Mason's sub division, for $700, John T. Crawford to Martin and Amanda Shroyer, lot 692, E. Hanna's addition, for $1,100.

In March, 1890, a spark from a locomotive on the Pittsburg, Fort Wayne and Chicago railroad caused the destruction of some hay on a farm in Marshall county. The hay was insured in the Phœnix Insurance company for $360, which was paid. The insurance company then sued the railroad company and got a verdict for $17 40, and in the supreme court Friday the decision was reversed by Judge Coffey. Judge Zollars represented the company.

WOLCOTT IS RELEASED.

Frank Burke, the new district attorney of the United States court, who succeeded Smiley N. Chambers, was here yesterday to prosecute the case against A. J. Wolcott, the old man charged with personating a government official. After hearing the testimony the district attorney concluded that the old gentleman was more of a "crank" on pension matters than a criminal and he was let go. He promised to leave at once for his home at Whiting, Ind. Wolcott was in the neighborhood of Kelso in February and called on a number of veterans there. He said he was one of a number of traveling pension examiners appointed by the government to make inquiry into the cases where pensions were allowed, to investigate whether the pensioner received too much or too little. He took memoranda as he investigated and did nothing which would lead the soldiers to believe that he intended to commit any fraud on them or the government.

COUNTY LOCKUPS.

The state board of charities is preparing a list of all the lockups in the state and will give them especial attention at the next meeting. Reports from eighty [illegible] have been received showing an average of three to a county. The total number in the state is about 250. Some of the counties have a number of institutions while others do not have any. The board thinks that each town in the state of sufficient population to justify it should have a jail independent of the county jail. Much of the uncleanliness in the latter places is said to be due to confining tramps and other city prisoners in them for a few hours and then taking them out. It is feared that the lockups are in a bad condition and Secretary Johnson will make a personal inspection of them during the summer. Some of the buildings are regarded as dangerous and need to be cleaned. [illegible] of the larger towns that are in need of temporary prisons do not have them and the next general assembly will probably be urged to pass a law compelling them to establish them.

The Santa Fe Strike.

Topeka, Kas., April 12—Three [illegible] Santa Fe shop men are considering the ultimatum of the company giving them until tomorrow morning to return to work. A number of the strikers went to work this morning and many more will go back tomorrow.

DEMOCRATIC CAUCUS.

The Roach Case is Thoroughly Discussed.

No Matter Will go Over to the Regular Meeting of the Senate—An Adjournment Probable.

Washington, April 12—The lengthy and somewhat acrimonious executive session yesterday convinced the democrats that prudence suggested a party caucus for the discussion of affairs that could not well be considered even behind the closed doors of a secret session and, as soon as the senate adjourned, democrats were quietly notified that there would be a caucus this morning at 10 o'clock.

Promptly at that time the reception room was well filled and the situation confronting the democrats was at once made the subject for general discussion. The Roach case, of course, was the most prominent point at issue, and while there was some manifestation of opposition towards ignoring the charge brought by the republicans, the majority deemed it best to deal with the matter with a strong hand. It was therefore decided that there should be no investigation at this session.

The resolution of the republicans will, under this decision, remain inacted upon when the senate adjourns and the investigation, if there should eventually be any, will be conducted when the senate meets in regular session. The republicans will naturally antagonize this proceeding, but it does not now appear how they can do so with any hope of success for the reason that an adjournment can be effected at any moment the president notifies the senate that he has no farther communication to send them.

The caucus did not go quite so far in its treatment of the Martin case. Inasmuch as Mr Addy comes to the senate with a respectful memorial reciting that he was duly elected to the seat now occupied by Mr. Martin, it was decided that the committee should investigate the claim he makes. The resolution now before the committee was modified to meet this decision and in that shape was ordered to be reported to the senate.

The result of the caucus removes the probability of a final adjournment this week, although such a thing is not impossible. It was announced to the caucus that Mr. Cleveland would complete the business he has for the senate to do by the end of this week, and the belief was expressed that adjournment would be had by the first of next week at the very latest.

INNOCENTS ABROAD.

Two Fort Wayne Men Arrested at Huntington.

Last evening's Huntington Herald has the following about two young fellows under arrest at that place: "His honor had three men before him this morning. They were Robert Blair, who claims to be a switchman from Galion, and two Fort Wayne toughs. One of the men, claiming to be from Fort Wayne, gave his name as Henry Blake, says he lives on Ewing street and works at the Masonic Temple. He is a young man with a light complexion. His companion is Fred Burke, who says he once worked as blacksmith helper in the Pittsburg shops. Both men got on the train at Fort Wayne "to ride a square or two," and could not get off. They acted so ugly when arrested that they were urged along with the policemen's revolvers. All the men arrived on the platforms of the 9:01 Wabash train last night, and Blair started to run as soon as he saw the policeman. He had a companion with him, who escaped. The men were fined $9.80 and the Fort Wayne authorities were telegraphed their description."

FINE WORK.

Cathedral School Children Have a World's Fair Display.

The Brothers of the Holy Cross, who have charge of the boys' school at the Cathedral, will on Saturday send six large volumes of work done by their pupils to the world's fair for display in the Liberal Art building. A Sentinel representative was this morning shown the work and was surprised at the advancement of the pupils. The brothers' school consists of two departments, a primary and commercial. The former consists of five grades and the latter of a preparatory and senior grade. The children in the primary department are aged from six to twelve years, and in the commercial department from twelve to sixteen. There are some 350 pupils enrolled and they have been preparing the work for the fair for the past three months. Father John Quinlan is director of the school and the instructors are under the supervision of Brother Engelbert, assisted by a corps of six teachers. All are from Notre Dame. The drawing classes were under the supervision of Brothers Joseph and Malachy. The volumes are all bound in fine red [illegible] Morocco leather with gold borders and [illegible]. The work reflects great credit on its teachers and [illegible].

New Church at Noblesville.

Noblesville, Ind., April 12—The new $[illegible] M. E. church recently completed [illegible] will be dedicated April 30.

Dr. Payne, the president of [illegible], will preach the dedicatory sermon, assisted by the Rev. [illegible] Hall of [illegible], Ind., who will preach in the evening.

TO FIGHT CHOLERA.

Meeting of the Allen County Medical Association.

They Elect Officers and Decide to Hold a Public Gathering on Tuesday, May 2.

At the regular monthly meeting of the Allen County Medical society, held last evening in the office of Drs. Dills and Wheelock, the following officers were elected to serve the association for the ensuing year.

President—Dr. G. L. Greenawalt.
Vice President—Dr. T. J. Dills
Secretary—Dr. A. E. Buckman
Treasurer—Dr. Miles F. Porter
Board of Censors—Drs. C. B. Stemen, Jas. M. Dinnen and W. P. Whery.

Delegates to American Medical Association to be held in Milwaukee the first week in June—Drs. W. H. Myers, W. P. Whery and Carl Schilling.

Delegates to State Medical Society, which meets in Indianapolis in June—Drs. Miles F. Porter, Geo. C. Stemen and T. J. Dills.

The meeting was largely attended and much enthusiasm was noticeable. Numerous questions of importance to the profession were discussed and the association decided to have their next meeting, which is to be held on May 2, a public one. This will be a meeting of unusual interest and the public will be cordially invited, as the all important subject of cholera will be discussed. The gathering will probably be held in the Masonic Temple. Medical men from the city and surrounding will all be invited. Dr. W. H. Myers will have the leading paper, the subject of which is the history and cause of cholera, Dr. George C. Stemen will read a paper upon the pathology of cholera; Dr. Miles F. Porter upon the symptoms; Dr. C. B. Stemen upon the prevention. Dr. W. P. Whery upon the treatment and Dr. T. J. Dills, member of the state board of health, will read an interesting paper, subject of which will be "State and National Laws Relative to the Spread of Cholera." At the conclusion of this interesting program a grand banquet will be served to members of the profession only.

This action of the Allen County Medical association in deciding to hold a meeting especially for the discussion of cholera is one which must meet the hearty approval of every citizen. Medical men all over the United States have been warning the people of the approach of this terrible scourge.

The physicians of Fort Wayne, in holding a meeting of this character for the dissemination of ideas bearing upon the prevention of cholera and methods of treating it should it appear, reflect great credit upon themselves. Cholera has already broken out in Europe and should it appear in this country the consequences will be frightful unless we are well fortified with clean cities and physicians who are thoroughly competent to cope with it.

LOCAL NEWS.

Frank Cherry, of East Washington street, is ill.

M. P. Partridge, of Portland, is a guest of the Randall.

Hon. Otis L. Ballou, of Lagrange, was in the city yesterday.

Samuel Morris, the young African missionary, is reported to be much improved in health.

Paul Corneille returned last evening from Chicago, where he has been working at the world's fair grounds

Last night Charles F. Firestine died at his home, 13 Elizabeth street, with consumption, at the age of twenty seven years.

Samuel Chaska is at St. Louis, where his brother, Ed., is dangerously ill with Bright's disease. But little hopes are entertained for his recovery.

At the Rifles fair, in the White block, this evening, a public inspection by Maj. H. C. Long will take place. Reineke's orchestra will be present.

Mrs. Agnes Webster, of Warsaw, is visiting her son, E. B. Gordon, in this city. She will leave for Flint, Mich., next week, to spend the summer with her daughter.

The funeral of the late John Marshal Coombs was held at 2:30 o'clock this afternoon from his late residence, Revs. Moffat and Northrop officiating. There was a large attendance.

Yesterday afternoon John Morning, of the Bass Foundry and Machine shop, met with a serious accident. He was driving a truck wagon at the shop when an axle broke and he was thrown under the wagon, which toppled over upon him. His leg was broken near the ankle and his foot badly crushed.

Lottie, the six year old daughter of Eugene George of No. [illegible] East Main street, was run down by a grocer's delivery wagon at 6 o'clock last evening and badly hurt. The little girl had been sent across the street on an errand and in returning home was struck by the vehicle which belonged to Joseph Olden and was being driven by [illegible]. The wheels passed over the little one's stomach and she was otherwise hurt by a blow from one of the [illegible]. Lottie was picked up insensible and taken into the house, where Dr. Rosenthal attended. He was unable to tell just at that time the extent of her injuries, which are internal. [illegible] reckless driving in this city, but the boy claimed that his horse [illegible] Lottie was more comfortable.

Excellent musical program at the Rifles' Fair tonight. Do not fail to come.

Don't You Know

that you can receive almost immediate relief from Indigestion, and that uncomfortable fullness after meals, by simply taking a dose of Simmons Liver Regulator? Some people think that because it is called Liver Regulator it has nothing to do with Indigestion and the like. It is the inaction of the Liver that causes Indigestion, and that fullness; also Constipation, and those Bilious Headaches. Millions have been made to understand this and have been cured from these troubles by Simmons Liver Regulator—a medicine unfailing and purely vegetable.

From Rev. M. B. Wharton, Baltimore, Md

"It affords me pleasure to add my testimony to the great virtues of Simmons Liver Regulator. I have had experience with it, as occasion demanded, for many years, and regard it as the greatest medicine of the times. So good a medicine deserves a universal commendation.

Fort Wayne Sentinel.

BY E. A. K. HACKETT.

WEDNESDAY, APRIL 12 1893.

4388

Is the Daily Average of Our Circulation for the Month of March.

STATE OF INDIANA, ALLEN COUNTY, ss:

Personally appeared before me, clerk of the Allen circuit court, Jos. F. Ervin, business manager of THE FORT WAYNE SENTINEL, who makes oath that the actual number of copies of THE DAILY SENTINEL delivered to subscribers and sold to newsboys and news agents, during the month of March, 1893, was as follows:

March 1	4,279
March 2	4,287
March 3	4,271
March 4	4,306
March 6	4,341
March 7	4,281
March 8	4,297
March 9	4,283
March 10	4,330
March 11	4,327
March 13	4,301
March 14	4,327
March 15	4,505
March 16	4,317
March 17	4,373
March 18	4,403
March 20	4,417
March 21	4,452
March 22	4,379
March 23	4,392
March 24	4,421
March 25	4,495
March 27	4,490
March 28	4,516
March 29	4,558
March 30	4,515
March 31	4,563
Total for the month	118,475
Daily average	4,388

JOS. F. ERVIN.

Subscribed and sworn to before me, this 1st day of April, 1893.

D. W. SOUDER, Clerk.

THIS DAY IN THE PAST.

65—Seneca, the Roman philosopher and early tutor of Nero, killed himself by that emperor's orders.

1704—Jacques Benigne Bossuet, bishop of Meaux and famous pulpit orator and writer, died, born 1627.

1765—Dr. Edward Young, author of "Night Thoughts," died; born 1681.

1777—Henry Clay, statesman, called the "Great Pacificator," born in Hanover, Va.; died 1852.

1782—Pietro Metastasio, Italian poet, died; born 1698.

1850—Rev. Dr. Adoniram Judson, missionary to Burmah, died; born 1788.

1893—Mrs. A. S. Holmes, the first white child born in Chicago, died in Marshalltown, Ia. Thomas Byrnes elected superintendent of the New York city police. The Brazilian state of Matto Grosso declared independence. The United States senate discussed the question of election of senators by the people.

TONIGHT.

PRAYER MEETINGS—At Different City churches.

RIFLES ARMORY—Military Fair.

MASONIC TEMPLE—Chas. Hanford and company in "Julius Cæsar."

MACHINE WOODWORKERS—Regular meeting.

LODGES—A. O. U. W., No. 50; Improved Order of Red Men, No. 106—Wayne Castle No. 2, Knights of the Golden Eagle; Loyal lodge K. of P.

The date of adjournment of the United States senate seems to be rather indefinite.

APRIL storms were damaging and deadly in the west last night, as will be seen by our telegraph columns today.

THE exports of specie from the port of New York for last week were $3,510,152, of which $3,130,190 was gold and $379,962 silver.

THE next meeting of the common council will be held in the new city hall building. Our city dads will then put on style and every one of them will be dressed in their Sunday best.

THE nuisance of throwing hand bills and waste paper on the streets ought to be abated. These articles not only give our city an untidy appearance, but frighten horses and cause runaways.

GROVER CLEVELAND has not appointed a single relative of his own to office. He is absolutely free, therefore, from the charge of nepotism. The president has been noted in another particular. He has studiously refused to accept free railroad transportation, paying his way wherever he choses to travel.

THE election held by the city council last night to fill the vacancy in the Sixth ward, caused by the resignation of Councilman Fox, resulted in the election of James Conroy. He is an employe of the Wabash shops. The vote will be found in our official report of the council proceedings, which THE SENTINEL will print for another year.

UNDER the new law in South Carolina the state sells all the spiritous liquors. The people down there do not have to bother their heads about the question of high or low license. By the way, if the state should happen to sell liquor to a minor or to a person in the habit of getting intoxicated, would it have to pay a fine?

THE filth of the city, which is collected by the garbage master ought to be conveyed to some point outside of the city and burned in crematories of some sort erected for that purpose. Many cities follow this plan of disposing of the accumulated filth and Fort Wayne should adopt it. The collected garbage ought not to be dumped where it will breed pestilence.

THE action of the council last night in increasing the city saloon license to $100 was in the nature of a compromise and may be regarded as a victory for the advocates of low license, who have been active in their opposition to the proposed increase to $250, at which figures it should have been placed. Efforts were made to delay and also to kill the proposed resolution in the hands of the committee, to whom it had been referred, but finding public sentiment against these tactics, the council finally instructed the committee to report. The majority report made by Messrs. Eggeman and Hazzard favored a $100 license, and the minority report, made by Mr. Hanna, $250. The majority report was adopted [illegible] the license at $100, it may still be regarded as a low license, and is not equal to what other cities and towns exact.

Perpetuating Voices.

The pope of Rome is represented as being introduced to the phonograph a few days since and as being strongly impressed by the thought that by this instrument his voice would be preserved to be heard again ages after he is dead. This will be recognized as a great thought, although everybody is familiar with it. We live in a world so full of wonders that we are hardly conscious that they are wonderful. The voice of Pope Leo XIII has been made as lasting as the earth itself, it will be heard to the end of time. So will it be with the voice of Gladstone and many of the great men of our time, and in future ages the voices of commanding men and of wise women and of wonderful orators and surpassing thinkers and great singers will all be preserved to still coming time, just as the statues and portraits of such have been kept from past days to ours. A century from now the ear attuned to melody will listen to some living child of song and then turn away to compare her notes with those of Patti or some other singer who has warbled to the present generation.

CONSIDERABLE has been made in England within a comparatively recent period upon the manufacture of what is regarded as an important new fabric—that is, an inexpensive weft pile plush, with either single pile or pile on both sides. A reversible pile plush has in times past been made in the factories of Germany with hand looms at the rate of some six yards to the loom per week, but by means of the newly-contrived apparatus which has been devised by a Bradford manufacturer and can be fixed to ordinary dress and coating looms it is said to operate at seven times the speed of the German hand loom and to make goods of equal quality at a less price. The new goods have a weft pile, and consequently a very much cheaper yarn can be used.

A STORY comes from New York that a well-known artist, whose studio is in the city, but whose home is in a pleasant village an hour's ride from the metropolis, promised faithfully one morning that he would do some shopping for his wife. On arriving at his studio he found that he had money enough in his pocket for his lunch and no more. What to do about the shopping? Suddenly he bethought himself of an order for an illustration that he had received from a magazine. He set to work and in less than two hours had finished the drawing, collected sixty dollars for it at the publisher's office and had started on the more exhausting labor of shopping. This illustrates the term "pot-boiler" to perfection.

FEW people realize the amount of traffic which is carried on over the great lakes. Statistics show that last year more tonnage, almost all of which originated in the United States, passed through the Sault Ste. Marie canal at the outlet of Lake Superior, and also through the Detroit river, the outlet of Lake St. Clair, than passed through the Suez canal. This tonnage is also largely in excess of the tonnage of the Mississippi, and almost as great as the entire ocean tonnage of New York, Philadelphia and Baltimore.

THERE is an easy, graceful and entirely polite method of speeding the parting guest in vogue with the American naval officers when the ship lies in the stream. When a caller has said all he has to say and heard all anybody has to say in reply, and yet has not the grace to take himself off, somebody pointedly announces that the next boat ashore will depart in fifteen minutes. Only the dullest landsman fails to take this hint.

A STATISTICIAN who has been looking into the matter of divorce has found that the proportion of divorces to population is least in Ireland—only one divorce to every 400,000 inhabitants. In the United States the proportion of divorces is anomalously large, 88.71 to every 100,000 population, the largest known, in fact, save Japan, the figures of that happy empire being 683.45 divorces to every 100,000 population.

AFTER resting many years without a monument to mark his grave and perpetuate his fame America's greatest ornithologist, Audubon, is about to have a fitting memorial. Audubon lies in Trinity cemetery in upper New York. The monument, costing ten thousand dollars, has the form of a runic cross and its shaft is ornamented with designs of animals and birds.

THE fact that the slave trade once extended far north on this continent is written upon the map in the name Labrador. This name was given to the inhospitable coast of the far northeast by early Portuguese navigators, who were much impressed with the strength and endurance of the laborers whom they kidnaped there and carried off into slavery.

OF all the various legal measures that have been adopted in order to discourage suicide none has worked very well. Since the New York law was passed but a single conviction has been had under it. This was twelve years ago, when a man undertook to drown himself. He was rescued and was sentenced to Sing Sing and he is there yet.

IT is now about twenty years since Connecticut was represented in the cabinet. The last representative of that state in a president's cabinet was Gov. Jewett, who entered President Grant's cabinet in 1874.

The enormous sale of Dr. Bull's Cough Syrup has brought to the surface numerous imitations. Keep a sharp look out when you buy.

The officers of Hempstead Harbor Yacht Club this year are: Commodore, D. K. [illegible]; Vice Commodore, Thomas T. Taber; Captain of the boats, John [illegible] Appleby.

[illegible] year-old mare by Con[illegible] after having been in the stud several years, was trained last [illegible] ran some races and was again in the stud. Recently she presented [illegible] uggan & Matheson with a fine filly.

[illegible] excellent remedy. "Two of my [illegible] have been much troubled with [illegible]algia all winter. They used Salvation Oil and a few applications produced a complete cure. I consider it an excellent remedy. John H. Jones, Deputy Inspector, Tobacco Warehouse No. 4, Baltimore, Md."

COMMON COUNCIL.

The Vacancy in the Council Filled by James Conroy.

The Official Report of Other Business Transacted by the City Legislature.

The common council of the city of Fort Wayne met in the council chamber in regular session April 11, A. D. 1893, at eight o'clock. The Hon. Mayor Zollinger in the chair and Robert [illegible] at the desk and present the following councilmen:

Present: Councilmen Beck, Cody, DeVilbiss, Eggeman, Hanna, Hazzard, Kelker, Keltz, McClelland, Meyer, Meyer Jr., Meyer W. D., Michael, Pettit, Scheid, Scherer, Skelton and Wolf.

Absent—None.

BILLS.

The following bills were on motion allowed:

Street cleaning company's pay roll	[illegible]
[illegible]	[illegible]
Fort Wayne Iron Works	[illegible]
[illegible] Bro	[illegible]
Western Electric Co	[illegible]
[illegible]	[illegible]
[illegible]	[illegible]
[illegible] Indiana railroad	[illegible]
[illegible] Pay Roll	[illegible]
[illegible] Gas company	[illegible]
[illegible]	[illegible]
[illegible]	[illegible]
[illegible]	[illegible]
[illegible]	[illegible]
[illegible] pay roll	[illegible]
James M. Barrett	[illegible]

On motion the clerk was instructed to [illegible] pay roll from [illegible]

BILLS REFERRED.

The bill of the Central Union Telephone company amounting to $?? was referred to the committee on public grounds and buildings.

The bill of J. A. M. Storm, amounting to $??, was referred to the committee on parks.

The bill of D. L. Harding amounting to $?? was referred to the fire commissioners.

PETITIONS.

C. J. Beck and [illegible] others petitioned for water mains on Walton street, from Maumee avenue to Wabash street.

Referred to committee on waterworks.

Joseph and Henry Hartman asked for permission to lay a brick sidewalk on Hanover street adjoining their property.

Referred to committee on streets with power to act.

Henry M. Williams asked for permission to lay a brick street crossing on Calhoun street, midway between Berry street and Wayne street.

Referred to committee on streets.

M. Cody called the attention of the council to the condition of [illegible] street near E. Hanna's residence.

Referred to committee on streets and board of health.

W. H. Gerber asked for an extension of time for completing the grading of Creighton avenue between Lafayette street and Hanna street.

Referred to committee on streets, civil engineer and city attorney with power to act.

The Western Union Telegraph Co. offered to put up [illegible] clocks in the new city building for $12 per year.

Referred to committee on city building.

The Fort Wayne Land and Improvement company submitted an amended plat of Lakeside addition and asked for its approval.

Referred to committee on streets, civil engineer and city attorney.

J. P. Shane and 25 others asked that the plat of Lakeside addition, lying east of Delta lake, submitted by the Fort Wayne Land and Improvement company be approved.

Referred to committee on streets, civil engineer and city attorney.

REPORT OF COMMITTEE ON FINANCE.

We, your committee on finance, would respectfully report as follows:

1. We have checked off and destroyed the following city orders, bonds and interest coupons:

For the month of January, 1893:

City orders	$14,957 70
Interest coupons	1,035 00
Street imp. bonds and coupons	1,290 00
Total	$16,302 70

For the month of February, 1893:

City orders	$3,129 73
Interest coupons	4,835 00
Street imp. bonds and coupons	309 11
Total	$8,073 84

2. The bill of Ward & Malcolm we have turned over to the city attorney, to report to the city council his opinion in relation thereto at some future time.

3. We also recommend that sanitary [illegible] [illegible] days each week, and not twice as it has been done for some time past, [illegible] on Sunday and [illegible] the mayor in resuming the bills before the [illegible]

Herman Michael,
W. D. Meyer,
H. P. Scherer,
W. L. Pettit,
Finance committee.

REPORT OF COMMITTEE ON STREETS.

Your committee on streets would respectfully report as follows:

Section 1. In favor of petition of R. L. [illegible] praying for the construction of a sidewalk on the west side of Gay street, from Lewis street to the Wabash railroad, and we recommend that a walk be built on the east side of said street also.

2. In favor of petition of Bean, Trucking company asking permission to build a drive over the sidewalk adjoining their building on Wells street, and to raise the sidewalk to proper grade to be given by the civil engineer.

3. In favor of petition of W. A. Bietler, asking permission to build a [illegible] way over the sidewalk adjoining his property on Third street.

4. Adverse to petition of T. Kettler and others asking for a vitrified brick pavement [illegible] Jefferson street, from Lafayette to Hanna streets.

5. We find the bond for the sidewalks on the east side of Gay street too high and recommend they be [illegible] and all former proceedings thereto be [illegible] rescinded.

6. In favor of Councilman Keltz's resolution to pave the sidewalks on the east side of Clinton street from DeWald street to Creighton avenue.

7. In favor of Councilman Keltz's resolution to pave the sidewalks on the west side of Clinton street, from the south line of lot 6, Hamilton's 4th addition, to Pontiac street.

8. In favor of Councilman Keltz's resolution to grade and relay the sidewalks on the east side of Calhoun street from Williams to Tabor streets.

9. In favor of Councilman Cody's resolution to pave with vitrified brick the alley between Main and Columbia streets, from Barr to Lafayette streets.

10. In favor of Councilman Cody's resolution to pave with vitrified brick the alley between Barr and Lafayette streets, from Main to Columbia streets.

11. In favor of Councilman Skelton's resolution to pave with vitrified brick the alley between Berry and Wayne streets from Griswold street to Broadway.

12. In favor of Councilman DeVilbiss' resolution to pave the sidewalks on the west side of Lillie street, from Creighton avenue to a point 80 feet south of the south line of [illegible]

13. In favor of Councilman Michael's resolution to pave with vitrified brick the alley between Main and Berry streets from Clinton street to the first alley east of Clinton street.

14. In favor of Councilman Kelker's resolution to pave the sidewalks on the east side of Fulton street from Main street to the Nickel Plate railroad.

15. In favor of Councilman Hazzard's resolution to pave the sidewalks on the south side of Putnam street abutting on the north one half of lots 20, 21 and 22 Anthony's addition.

16. In favor of Councilman DeVilbiss' resolution to grade Creighton avenue from Holton avenue to Winter street.

17. Adverse to Councilman Meyer's, jr., resolution for paving Harrison street from the Nickel Plate railroad to Superior street.

18. Adverse to Councilman Meyer's, jr., resolution to pave Superior street from Harrison to Wells street.

19. Adverse to Councilman Meyer's, jr., resolution to pave Wells street from Superior street to St. Mary's river.

20. We have laid over from last meeting the bids for the paving with vitrified brick of the alley between Berry and Wayne streets from Webster to Griffith street, and we [illegible] to be constructed in said alley. We recommend the bids be rejected and all former proceedings pertaining thereto be rescinded.

21. Adverse to petition of the Olds Wagon works asking permission to [illegible] Lewis street from Buchanan street to Hamilton street as they [illegible] a track [illegible] Barr street, from which they can [illegible] for [illegible]

22. In favor of petition of C. F. Harman and others to grade the east side of Van Buren street from Wells street to Pritchard, at same time we recommend that the west side of said street be graded also.

23. Adverse to petition of [illegible] Jacobs and others asking for a sidewalk on Watkins [illegible] as said street is not open [illegible] street and [illegible] where there is no public [illegible]

H. P. Scherer,
L. Hazzard,
B. W. Skelton,
Committee on Streets.

REPORT OF COMMITTEE ON PRINTING.

We, your committee on printing, to whom was referred the bids for printing the council proceedings, would respectfully report that we have examined the said bids and find L. A. K. Hackett the lowest and best bidder, and herewith report contract and recommend its approval.

Peter Eggeman,
W. H. McClelland,
Peter J. Scheid,
Committee on Printing.

Concurred in.

REPORT OF COMMITTEE ON PUBLIC GROUNDS AND BUILDINGS.

We, your committee on public grounds and buildings, would respectfully report as follows:

1. We have awarded the safe in the water works office to H. Goldstine for the sum of $25.

2. We have awarded the safe in the clerk's office to Randall & Doughman for the sum of $15; we have also sold the money desks from the clerk's office for the sum of $5.

The money for the above has been paid into the city treasury, and as the money goes to the public grounds and buildings fund, we would recommend that by a concurrence in this report, your committee be empowered to sell two new [illegible] for the doors in the clerk's and treasurer's offices with the amount derived from said sales.

3. In accordance with the resolution of the council instructing us to do, we have purchased a cut of the city hall for $6.50, which together with 50 cents express charges, we would recommend be paid, and that by a concurrence in this report the clerk is instructed to draw an order for $7 in favor of the Levy Type Co.

4. We have advertised for bids for the sale of the three cells in the old police station and there were no bids received. We would ask the pleasure of the council regarding the matter.

W. D. Meyer,
W. L. Pettit,
Ph. Keltz,
Committee on Public Grounds and Buildings.

Concurred in.

REPORT OF FIRE COMMISSIONERS.

We, your fire commissioners, respectfully report that the bill of insurance of J. Graham be not accepted and the insurance canceled as the rate is already too high, besides having an 80 per cent clause in the policy, and we have ordered $1500 insurance on central engine house at the same rate but without any clause in the policy.

2. We also report in favor J. M. Miller for furniture in engine house, he being the lowest bidder.

P. J. Scheid,
W. D. Meyer,
Herman Michael,
Wm. Meyer, jr.,
Fire Commissioners.

REPORT OF COMMITTEE ON CITY BUILDING.

We, your committee on city building, together with his honor the mayor respectfully report that we have invited the members of the common council to meet with us on Monday, April 10, 1893 at 1 p. m., at the new city building to inspect the work of said building, your committee and the members of the council met and it is our opinion, that the building is built according to the plans and specification, and the contractor also has a final estimate of the architect for the completion thereof, we recommend that the building be accepted.

C. A. Zollinger, mayor,
Herman Michael,
W. D. Meyer,
Peter Eggeman,
Chas. H. Buck,
R. B. Hanna,
Committee.

Concurred in.

REPORT OF SPECIAL COMMITTEE.

We, your committee on finance of water works respectfully report that we have checked off the vouchers for the month of January and February, 1893, with the book of the city treasurer and those of the trustees of waterworks and find them correct.

Herman Michael,
W. D. Meyer,
H. P. Scherer,
W. L. Pettit,
Committee on Finance.
Peter J. Scheid,
C. B. Oakley,
F. C. Meyer,
Committee on Waterworks.

Concurred in.

REPORT OF SPECIAL COMMITTEE.

We, your committee on streets, city civil engineer and city attorney, appointed to hear objections to street and sidewalk improvements, in accordance with notice of which due publication was had, met at the office of the city civil engineer Monday, the 10th day of April, 1893, at 7:30 o'clock p. m., and there were no objections offered to the following resolutions:

1. For grading and paving with vitrified paving brick Berry street from the east line of Barr street to the west line of Monroe street, there were no objections of importance.

2. For grading and paving with vitrified paving brick Jefferson street from the east line of Calhoun street to the west line of Clinton street.

3. For grading and paving with vitrified paving brick Jefferson street from the east line of Clinton street to the west line of Lafayette street.

4. For grading and relaying the brick sidewalks on the north side of Creighton avenue from Fairfield avenue to Webster street.

5. For grading and paving with brick the sidewalks on the south side of Webster street from Lafayette street to Clinton street.

H. P. Scherer,
B. W. Skelton,
Louis Hazzard,
Committee on Streets.
F. M. Randall, city civil engineer.

Concurred in.

REPORT OF SPECIAL COMMITTEE.

We, your committee on sewers, city civil engineer and city attorney, appointed to hear objections to sewer improvements in accordance with notice of which due publication was had, met at the office of the city civil engineer on Monday, the 10th day of April, 1893, at 7:30 o'clock p. m., and there were no objections offered to the resolution for constructing a 12-inch clay pipe sewer in the alley between Masterson street and Williams street from the first alley west of Lafayette street to Barr street.

M. Cody,
Thos. B. DeVilbiss,
W. H. McClelland,
Committee.
F. M. Randall, city civil engineer.

Concurred in.

REPORT OF SPECIAL COMMITTEE.

Your committee on streets and alleys to whom was referred the "plat" of C. Trentman for approval, report that upon examining the same found it properly arranged, laid out and with reference to other streets and alleys and recommend its approval.

We report in favor of the petition of the Lakeside Street Railroad company to use the [illegible] in the extension of its eastern terminus to the west side of Delta lake.

H. P. Scherer,
L. Hazzard,
B. W. Skelton,
Committee.
W. H. Shambaugh, city attorney.

Concurred in.

REPORT OF SPECIAL COMMITTEE.

We, your special committee to whom was referred the resolution of Councilman Hanna in relation to changing the wood and hay market, would respectfully ask for further time to report.

W. D. Meyer,
W. L. Pettit,
Committee on Public Grounds and Buildings.
M. Cody,
T. B. DeVilbiss,
Ph. Keltz,
Committee on Markets.

Concurred in and further time granted.

REPORT OF CHIEF OF POLICE.

I respectfully report that the electric lights were lighted and burning 274 hours during the month of March, 1893.

Frank Wilkinson, chief of police.

I respectfully report that I have deducted from the electric light company $?? for the month of March, 1893, $?? 274 hours at [illegible] per hour and issued an order for $[illegible], the bill being certified to as correct by Councilman Eggeman, committee on street lights.

Rudy C. Reinewald, city clerk.

Referred to committee on street lights.

REPORT OF CITY CLERK.

I herewith report the following affidavit now on file in my office, for the collection of [illegible]

Anton Reiter, [illegible] $?? ??

Rudy C. Reinewald, city clerk.

Received and filed.

REPORT OF WEIGHMASTER.

I respectfully report that I have collected and paid to the city treasurer $16.20 for the month of March, 1893.

Peter S. Ryan, city weighmaster.

Referred to committee on finance.

REPORT OF CIVIL ENGINEER.

I respectfully report the following contracts completed and estimates submitted:

1. The estimate of Henry A. [illegible] for grading and paving with vitrified paving brick the alley between Berry street and Wayne street from Barr street to the west line of Lafayette street.

2. The estimate of Anton Reiter for [illegible] the first alley west of [illegible] street [illegible]

F. M. Randall, city civil engineer.

Accepted.

[illegible]

[illegible] containing 155,800 square feet, which represents 5,770 cubic yards for each foot in depth. The grass plats or lawns surrounding the lake will average about 40 feet in width. In the center a circular stone [illegible] feet in diameter, to be the centering lawns and walks, making the centers of this portion of the [illegible] another [illegible] feet in diameter, which can be used for a site for a fountain or other monumental structure. In the center line of Tabor street from Clinton to Barr, a roadway with bridges 12x16 feet over the lake connections, will afford best circulation and convenient access to the enclosed reservoir grounds. Minor details and a correct estimate of cost cannot be given until some definite plan is more fully determined upon.

F. M. Randall,
City Civil Engineer.

Referred to committee on parks and waterworks trustees.

REPORT OF CITY CLERK.

Wm. Bieler,
Henry C. Graffe,
Trustees Water Works.

Referred to committee on water works.

MAJORITY REPORT OF COMMITTEE ON RULES, REGULATIONS AND ORDINANCES.

Your committee on rules, regulations and ordinances, to whom was referred the resolution in relation to increasing the liquor license, reports:

That after carefully considering the matter, they are of the opinion that an increase of fifty dollars over what is paid now would be fair and not unreasonable.

Therefore they recommend that the city attorney be and is hereby instructed to draft an ordinance making the license one hundred dollars and report the same back to this council at some future time.

Peter Eggeman,
[illegible]

The motion to lay the report over until the next time was amended that the council enforce the motion made at the last meeting.

The amendment was lost by the following vote:

Ayes, 9, viz: Councilmen Beck, DeVilbiss, Hanna, Kelker, McClelland, Meyer, jr., Oakley, Pettit and Wolf.

Nays, 10, viz: Councilmen Cody, Eggeman, Hazzard, Keltz, Meyer, W. D. Meyer, F. C. Michael, Scheid, Scherer and Skelton.

The original motion was then put and lost.

A motion to receive and file the report was lost.

A motion that the committee be given ten minutes to report was carried.

MAJORITY REPORT OF COMMITTEE ON RULES, REGULATIONS AND ORDINANCES.

We, your committee on rules, regulations and ordinances, to whom was referred the resolution in relation to increasing the liquor license, reports that after carefully considering the matter they are of the opinion that an increase of fifty dollars over what is paid now would be fair and not unreasonable.

Therefore they recommend that the city attorney be and is hereby instructed to draft an ordinance making the license $100 and report the same back to this council at some future meeting.

Peter Eggeman,
L. Hazzard,
Committee.

MINORITY REPORT OF COMMITTEE ON RULES, REGULATIONS AND ORDINANCES.

The undersigned, a minority of the committee on rules, regulations and ordinances to which was referred the resolution to increase the city license fee to retail liquors, would respectfully report in favor of the resolution fixing the same at $250.

R. B. Hanna.

A motion that the majority report be concurred in was amended to substitute the minority report for the majority report.

The amendment was lost by the following vote:

Ayes, 7, viz: Councilmen DeVilbiss, Hanna, Kelker, McClelland, Oakley, Pettit, and Wolf.

Nays, 12, viz: Councilmen Beck, Cody, Eggeman, Hazzard, Keltz, Meyer, W. D. Meyer, jr. Meyer, F. C. Michael, Scheid, Scherer and Skelton.

The original motion [illegible]

Ayes, 12, viz: Councilmen Beck, Cody, Eggeman, Hazzard, Keltz, Meyer, [illegible] Meyer, [illegible] Michael, Scheid, Scherer and Skelton.

Nays, 7, viz: Councilmen DeVilbiss, Hanna, Kelker, McClelland, Oakley, Pettit and Wolf.

[illegible]

PROGRESS IN CHINA.

The Wheels Move Slowly in the Dragon's Empire.

His Majesty the Emperor of China and the "Son of Heaven" is enjoying a train of miniature railroad cars, presented to him by the French syndicate of capitalists who wish to get contracts for building railways.

In China, they will wonder at its steam engine, and the six thousand electric lights, which are now being introduced into the heart of Chinese sanctuaries, cannot but turn their eyes to our civilization. It will not be long ere a material advancement will be made in the science of medicine, which has for so many centuries remained a blot upon their civilization.

The missionaries are doing much to dispel the mysticism and ignorance with which the Chinamen "dole" for the connections of snakes, toads, lizards, etc., prepared by the native doctors. They recommend standard remedies, which have long been favorably known in America and Europe, such as Dr. Pierce's Golden Medical Discovery, a remedy for all cases of blood-diseases and liver complaint, which has had years of unprecedented success in the United States, and numbers its cures by the tens of thousands. This is a point gained for the future welfare of the Dragon's Empire.

THE TRACK

Patsy Rodgers, the jockey, has left Chicago for New York. He will begin exercising the horses of John E. McDonald, for whom he is under contract to ride this season.

Easterners have it that Roby is about to open in a few days, with plenty of capital to see it through, as no one here has nerve enough to set a date for the opening of the Indiana track.

A New York paper says: "The cars of Police Superintendent [illegible] Byrnes must tingle these days. If they do not it is because the [illegible] proprietors are not talking [illegible]"

The [illegible] were in [illegible] form at Guttenburg. On the tip [illegible] the punters [illegible] until he is a bad [illegible] Play or Pay dropped a few bills [illegible] they were [illegible] again at 12 to 1, [illegible] at a field of fast [illegible] lighted to see him [illegible] as he did Blitzen, sprinters as easily [illegible] day when his price and [illegible] was 100 to [illegible]

Mr. A. H. [illegible] of Marlborough, N. Y., bought [illegible] new patent carbonized fuel stove and his family were delighted. [illegible] they sat around it one evening [illegible] suddenly one after another dropped to the floor unconscious—all but [illegible] Amos Apgar, who managed to [illegible] to the door and summon assistance. Physicians declared that the [illegible] had been asphyxiated by gas [illegible] the carbonized fuel.

Thought to Be Rabies.

Effie Keith, a pretty little girl about 10 years of age and an inmate of the Gordon Orphan Home at Shelbyville, Ind., is afflicted with a very peculiar and painful disorder. The physician in charge is puzzled, and while he will not say it is hydrophobia, he says many of the symptoms resemble that disease. She is a very talkative and playful child, and before a paroxysm will express great fear of dogs lest they will bite and kill her. The spasms are quite frequent, as many as twelve in a day, and during them many peculiar noises issue from her throat. She will run and jump upon a chair or bed at the least sound. About a year ago she was bitten by a dog. The wound healed readily and the present manifestations are the first to indicate it. The disease does not succumb to the ordinary remedies.

Moses Price Cured of Rheumatism.

The many cases of rheumatism cured by Chamberlain's Pain Balm during the past few months have given the people great confidence in its curative properties, and have shown that there is one preparation that can be depended upon for that painful and aggravating disease. Honaker Bros., Lorain Ohio say: "Mr. Moses Price, of this place, was troubled with rheumatism for a long time. Chamberlain's Pain Balm has cured him. He says that the Balm has no equal." For sale by druggists.

Toronto Working Girls Organize.

The Toronto working girls have organized a labor union for mutual protection and just rights. "What we want is justice," the young woman leader of the movement announced from the platform with gentle, but earnest words. "Girls should work shorter hours, the same as men. It is wicked that fragile girls must work from daylight to dark for starvation wages. We must organize and fight our own battles. No one will do it for us. It doesn't do any good for one girl to complain to her employer. It would be a different thing if the whole factory went. We must act in concert." All of which is a strong little speech for a girl who has spent her life winding twine balls to make on the spur of the moment.

ONE MASS OF SCALES

Afflicted 3 Years by Dreadful Skin and Blood Disease, with Intense Pain and Loss of Hair.

All Other Remedies Fail. Relieved Instantly and Cured in Four Weeks by the Cuticura Remedies.

I have a few words to say regarding the CUTICURA REMEDIES. They have cured me in four weeks' time from a Skin and Blood Disease which I have had for over three years. At certain times, my skin would be very sore, and always kept cracking and peeling off in white scales. In cold weather my face was one mass of scales. When in the cold air the pain was intense; it would almost bring tears to my eyes, and my blood also being in a poor condition, with a loss of hair. I have tried every known remedy that was recommended to me, but it was of no use, and gave me very little benefit. So, hearing of your CUTICURA REMEDIES, I concluded to give them a trial. The first application gave almost instant relief. In a few weeks' time I found myself cured, and I am thankful for what they have done for me. Your CUTICURA REMEDIES are a blessing to those who may have the opportunity to use them. I can recommend them to any one.

EDMOND KEPAS,
2704 Union Ave., Chicago, Ill.

Cuticura Remedies

Effect daily more great cures of humors and diseases of the skin, scalp, and blood than all other remedies combined. THE LEADER,

19 and 21 West Main Street.

To Contractors, Builders and House Owners of Fort Wayne and Vicinity.—

WE have added to our large wholesale and retail store a Tin Shop, and we now manufacture all kinds of piece Tinware and do all kinds of Tin, Sheet Iron and Copper Work, Roofing and Spouting, both tin and galvanized iron, and employ none but the best workmen.

We keep a full line of Builders' Hardware, Nails, Glass, Paints, Oils and Putty, at bottom prices.

We keep Refrigerators, Stoves and Tinware, and make a specialty of Wash Boilers from 75c up to $3.25 each.

We have lately added a Sanitary Plumbing Department, in which we do plumbing, Steam Heating and Gas Fitting, and employ none but the best workmen. It is our endeavor to do All Work Well, and if we find it is not done as it should be we see that it is done so without extra charge.

German Spoken in All Departments.

Seavey Hardware Company.

FORT WAYNE, INDIANA.

SALVATION OIL.

TRADE MARK

Mr. John L. C. Brady, Brookville, Pa., had a stroke of "Bell's" palsy on one side of his face so badly that he lost the use of that side, not being able to shut his eye. He at once used Salvation Oil, and it made a complete cure. Feb. 3, 1893.

CHEW LANGE'S PLUGS, The Great Tobacco Antidote!—Price 10 Cts. At all dealers.

WANTED

WANTED—Three harness-makers. Call at A. L. Johns & Co's. 12-3t

WANTED—A boy about 15 years old. Inquire 192 Barr street, corner Jefferson.

WANTED—By a young lady of experience, a position as stenographer. Not afraid to work. Address, E. S., care Sentinel office. tf

WANTED—Harness-maker—Heavy work; steady; good wages to right man. S. B. Walker, 9155 Commercial avenue, South Chicago, Ill. 11-1t

WANTED—Lady and gentlemen agents on salary and commission. Good position for the right parties. Call on or address The Werner Co., 46 Foxley-Long Building, Fort Wayne, Ind. 3-1mo

WANTED—Boarding, private christian families who would like to give a home to one or two men, at reasonable prices should send their names to D. P. Bower, general secretary of the city department Y. M. C. A. 12-tf

WANTED—For the United States army, able-bodied, unmarried men, between the ages of 21 and 30 years. Good pay, rations, clothing, and medical attendance. Applicants must be prepared to furnish satisfactory evidence as to age, character and habits. Apply at 4th floor, Rost block, Calhoun street, Fort Wayne, Ind. feb 25-wks [illegible]

WANTED—All persons to know that over fifty houses were erected in Lakeside last year. No section of the city has such an average of handsome houses. It has a refined and cultured class, largely of young people. Its nearness to the business center makes it specially desirable. Its soil is a sandy loam that in the spring is dry and green a month before other streets are passable. There is going to be a great rush to Lakeside this year. Prepare your plans for a home and the Land Co. will loan you the money with which to buy a lot and build, and will let you pay it back in small monthly payments. tf

FOR SALE.

FOR SALE—At the SENTINEL Office, bound copies of revised ordinances. tf

FOR SALE—Residence and full lot at a [illegible] of the lot, on West Wayne street. Rent 7 per cent. Address Residence care Sentinel. 11-tf

FOR SALE—For ten days, will accept best offer for lot 21, sec. "H," Lindenwood cemetery; desirable location; cost $70 nineteen years ago. B. W. Murphy, Bloomington, Ill. 11-10t

FOR SALE—At a bargain and on easy terms, an elegant residence on Walnut street, near Fairfield avenue. House has 12 rooms, both kinds of gas, hot and cold water, and all modern improvements. Enquire of or address C. K. Fairfield, 3 Bellevue avenue. 56

FOR SALE—A corner lot on Lake avenue in Lakeside, northeast corner of Lake avenue and Tecumseh street. It is worth $900, but will be sold, if sold quickly, at $750. Terms of payment easy. Lot is high and particularly choice in location. Apply at 100 East Berry street in the evening. 28 tm

FOR SALE—Two cottage houses on Erie street. $1,800 each.

Four-room cottage on Hayden street, $1,100; $25 cash, balance $15 per month.

Eight room, brick, two-story house, with barn, well and cistern, new, on Scott avenue in west part, at a bargain if taken soon.

Six-room dwelling, near Nickel Plate round house, $1,100, monthly payments.

Seven-room house in Bloomingdale, $1,300.

Two houses near Bass foundry, 4 to 7 rooms each, new, just finished, to be sold on easy payments.

Nine-room two-story frame house on East Wayne street, $2,000.

300 vacant lots for sale all over the city, ranging in price from $150 up. House and 35 foot lot on East Berry street, $3,500. Two six-room dwellings on Fairfield avenue, $1,800 each.

Also have money to loan on real estate.

114-tf [illegible]
Room 22 Bank Block.

FOR RENT.

RAILWAY AND SHOPS.

A Pittsburg Special Makes a Fast Run.

Some of the Curiosities in the Railroad Exhibit at the World's Fair—Local News.

The trial train sent over the Pittsburg yesterday was very satisfactory to the officials. It was a train of five coaches, in which were twenty three persons, including Vice-Presidents James McCrea and Frank Thompson. The train started at Pittsburg at 5:20 o'clock yesterday morning and pulled into the Chicago depot at exactly 5:26 o'clock in the evening, covering the distance, 468 miles, in twelve hours and six minutes. The runs by divisions were as follows: Pittsburg to Crestline, 189 miles, five hours and fifty-three minutes; Crestline to Fort Wayne, 131 miles, two hours and forty-eight minutes; Fort Wayne to Chicago, 148 miles, three hours and two minutes. The above is the actual running time and does not include the stops at the division terminals. The run from Pittsburg to Crestline was not much faster than the daily runs of the limited but from Crestline to Chicago the running time of the train was one hour and thirty-two minutes faster than the time of the limited. Two record beating long runs were made between this city and Chicago. The distances between Fort Wayne and Inwood and Plymouth and Tolliston are each fifty-eight miles. These two stretches were covered in sixty minutes each, or, in other words, the train traveled 116 miles in two hours. The object of the test train was to prove the practicability of a nineteen hour train between New York and Chicago, a distance of 912 miles. The train, to make this run, will have to average forty-eight miles an hour, including the stops. The result of the test train proves the practicability of the project. While the special made some fast runs, taken as a whole its speed was not phenomenal. Herman Durnell once made the run from Crestline to Fort Wayne in two hours and twenty-five minutes, and Engineer Christy run an engine from this city to Chicago in less than three hours.

SOME QUEER LOCOMOTIVES.

The first installment of the Baltimore & Ohio railroad exhibits arrived at the transportation building yesterday, says the Chicago News Record. It consists of ten carloads of old style engines of types long since forgotten, which have been made for the road from drawings and pictures in the library of the company. One of them is the famous old "teakettle" engine which spouted steam from the spout and the engineers sat up where the handle is. It presents one of the inventions in the early history of steam which never proved practical. A very interesting model is an old railroad wagon, a sort of traction engine and car combined, the engine driving a drum around which runs an endless rope which runs over the axle of the wheel outside of the frame and moves the car along at a speed of about four miles an hour.

These models are all of full size and made to look like iron. Some of them take very strange shapes and have some queer appliances, the cog wheel being used almost exclusively as a means of increasing the speed of the wheel that bears the weight of the machine. Every historical locomotive of which drawings or memoranda could be obtained has been reproduced, and the entire exhibit will be one of the most interesting in the transportation building. Each of the models of antiquated machines has been made to work. They will be raised on jackscrews and made to revolve the wheels, compressed air being used, and they will all be grouped around a modern locomotive to illustrate the advancement made in this particular branch of invention.

Locomotives are not the only models shown, but they include all the earlier road engines. One of them is the road engine suggested by Newton, who made all the plans but never built it. A very interesting exhibit is Oliver Evans' "Oructor Amphibolus," which is a road engine, steam dredger and steamboat combined. It was operated in 1802 in Philadelphia. Evans propelled it by steam from his shops to the Schuylkill river, where it was launched and driven by steam as a boat around the Delaware river and then used as a steam dredger—the first in the world. It is conceded that this trip of Evans' machine was the first application of steam to a carriage in America.

Another interesting feature will be a group of exhibits relating to the competition inaugurated by the Baltimore and Ohio railroad in 1831, when a reward of $4,000 was offered for the best locomotive, and five entirely original methods of applying steam to locomotion were submitted, all of which will be represented. This exhibit of working models occupies a space of 35,000 square feet and is supplemented by an extensive gallery of drawings, prints and paintings illustrating the whole history of locomotion by steam in all parts of the world. Some of the drawings are originals by Stephenson. The entire exhibit is under the control of Major J. G. Pangborn.

A NEW LABOR ORGANIZATION.

The American Railway union was permanently organized at Chicago yesterday. This is the new combination of railway employes, of which a temporary organization was had two months ago. Yesterday's meeting was held in pursuance of a call issued by the committee on constitution and declaration of purposes. But little business was done yesterday and several more railway men will arrive in that city today to participate in the proceedings, which will continue for three days. Speaking of the union, Eugene V. Debbs, of the firemen's brotherhood, one of its prime movers said: "The union will be formed of all classes of railway employes working on trains, tracks, in shops, offices, anywhere. They will be organized by the branch of work they do. There will be a central body composed of one delegate from each of these branches, and then there will be a president, secretary and treasurer. That's the plan. There will be no benevolent features. It is formed for mutual protection and the promotion of the interests of the working railroad men. Its home will be in Chicago." Those at yesterday's session are widely known as grand officers, ex-grand officers or unofficial leaders among railway employes.

MINOR MENTION.

John Sanders, the painter, is sick.

Supt. J. B. Barnes, of the Wabash, is in the city.

Frank Clever has taken a position in the Bass works.

Albert Bender, an armature winder, is taking a vacation.

The Electric Light company is having its smoke stacks repainted.

Wm Gehring, who has been ill with pleurisy, is slowly recovering.

Ed. Tierney has taken a position in the Pittsburg machine shop.

Machinist F. J. Stevens, of the Wabash shops, is on the sick list.

Joe Larentz has resigned as coal handler at the Pittsburg docks.

Foreman Frank Cairnes is on duty again, having recovered from his illness.

The furnace operated by Fred Engelking is out of repair and Fred and his crew are idle.

John Drubot, a moulder in the Bass foundry, is off duty on account of his wife being sick.

Master Mechanic W. W. Atterbury went to Chicago this morning on business for the Pennsylvania company.

Yard Conductors Scofield and Russell, of the Nickel Plate, have returned to their duties after a few days' rest.

C. S. Bradley, an electrician, has returned from an eastern trip in the interest of the Electric Light company.

Fred Monroe, whose duties are to install electric light plants, came in last evening and will remain here a few days.

F. J. E. DeLagrange, of this city, has gone to Grand Rapids to make that city his home. He has a brother living there.

E. Hickman and W. J. Thrasher have severed their connection with the Pittsburg shops. They are blacksmiths.

The main line shaft in the Standard Wheel works broke yesterday and the works will be idle until tomorrow morning.

Nickel Plate Conductors Turner and Phelps are taking a lay off. Conductor Holly has reported for duty after a brief absence.

William McC. Grafton, signal engineer of the Pennsylvania, passed through the city last night, bound for Philadelphia.

Miss Ruppert, of the insulating department of the electric light works, was taken ill yesterday and was compelled to go home.

Philip Graff, the Lafayette street grocerykeeper, has returned from Detroit, where he spent three weeks visiting his many friends.

Boilermaker G. B. Sinex and his crew have been detailed to repair the machinery at the Pittsburg water station at the St. Mary's river.

F. F. Hodge, the passenger conductor oldest in service on the Pennsylvania railroad, resigned last week. He had run a train nearly forty years.

General Superintendent Chas. Watts and Freight Agent J. P. Orr, of the Pennsylvania, were passengers on the limited, east-bound, last night.

Nickel Plate Brakemen George Smiley, T. B. Shanks, E. Denny and Frank Bailey, who were off duty for various reasons, reported yesterday.

Charles Wheeler, for many years car accountant of the Lake Shore road, will retire May 1, and his office will be consolidated with the car service department.

Milton Kline, of Findlay, Ohio, a very pleasant young gentleman, is the guest of his uncle, Matt Connett, the foreman of the blacksmith shop at the electric light works.

Fred Lentz, Al. Throckmorton, C. C. House and Terrence Martin, all blacksmiths in the Pittsburg shops, are on the sick list. Louis Rohling of the same shop, has reported for duty after being on the sick list three days.

Mr. and Mrs. W. S. Morris left at 4 o'clock this afternoon for Richmond, Va., where they will reside in the future. Mr. Morris was recently appointed superintendent of motive power of the Chesapeak and Ohio railroad.

Mr. and Mrs. John Boley have resigned their positions in the feeble minded institute. Mr. Boley is a blacksmith and two years ago worked for the Pennsylvania company. He may again take a position under Foreman George Judy. Mrs. Boley will leave tomorrow for Michigan to spend a few weeks with relatives.

Dennis Cleary, a machinist in the Pittsburg shops, was accidentally struck on the jaw by a fellow shopman yesterday and so badly injured that he will be unable to work for a few days. The blow temporarily paralyzed the muscles and for a few minutes Cleary could not open his mouth nor speak.

This was a busy day for the shipping clerks at the electric light works. Four fifty light Wood arc machines went to the Gas and Illuminating company, of Elmira, N. Y., a 100-light Wood incandescent plant to the Southern Electric company, of Baltimore, and the splendid 1,500-light Wood dynamo, built for exhibition and utility, was shipped to the world's fair. This machine is a new make, and differs from the old style in many particulars, chief among which is its iron clad armature, which prevents burning out.

Tomorrow William C. Pape, foreman of Rhinesmith & Simonson's lumber yards, will move his family to the pleasant farm house of Charles F. Challenger, a half-mile east of Lakeside and on the Catholic cemetery road. Mr. Pape has leased the farm and purchased all the stock of Mr. Challenger, and will pay considerable attention to raising garden truck and poultry. He will retain his position with Rhinesmith & Simonson, however. Mr. Challenger will move into the city and devote his attention to contracting and building houses.

August Morning was badly injured yesterday. At 5 o'clock he was seated upon a cart loaded with coak when the axle of the vehicle broke and the bed, with its heavy load, fell in such a manner that Morning's left foot was caught between it and a block of wood and badly crushed. The metatarsus bones were broken in several places. Both legs were also painfully bruised, but the wounds are not serious. The poor fellow was placed in a hack and taken to his home, No. 25 Summit street, where Dr. Howard attended him. His injuries are such that he will be unable to work for several weeks.

THE ILLINOIS LEGISLATURE

Looking After the Alum and Ammonia Baking Powders.

(Chicago Inter-Ocean.)

A bill for an act entitled "An Act to Regulate the Traffic in Baking Powder," has been introduced in the Legislature at Springfield by Mr. Nohe. The bill is intended to prevent the adulteration of baking powders with Ammonia or Alum, imposing proper penalties to enforce the law, etc. This shows an earnest desire on the part of our representatives to protect their constituents.

The Chicago Tribune, referring to the question of legislation on Alum and Ammonia baking powders, says: "It deals in a direct manner with an evil that must be cut down."

"Following is a partial list of the names of the brands sold in this state that have been examined and found to contain either Ammonia or Alum. Many of the Alum and Ammonia powders are labled and advertised as absolutely pure to mislead the public.

"Calumet," "Forest City," "Chicago Yeast," "Grant's Bon Bon," "Hotel," "Taylor's One Spoon," "Unrivaled," "Snow Puff," "Snow Ball," "Zip's Crystal," "Climax," "Monarch," "Western Prince," "Town Talk," "Crown," "Kenton," "Mammoth."

In addition to the above list there is a multitude of brands sold with a prize. It is safe to reject all baking powders sold with a prize, as the tests show they are composed largely of alum and cost but a few cents per pound. Also refuse any baking powder sold at twenty-five cents a pound, or less; it is sure to contain alum.

Surely nothing but their cheapness could induce the public to experiment with these impure powders at the risk of health. Aside from the question of health or the wholesomeness of these condemned powders, and viewed from the standpoint of economy alone, a pure cream of tartar baking powder like "Dr. Price's," from its greater known strength and unquestioned purity, will prove more economical to the user in every way.

NEW YORK JOURNAL: Great Scott! an East Indian rajah who has an annual income of six millions is coming to the World's Fair! Think how the Chicago shopkeepers will descend upon the man who has half a million a month of spending money! Fancy his hotel bills! Reflect on the assaults which the wild and woolly Western promoter will make upon the Rajah's hoard! If the potentate from India knew the trials awaiting him in the Windy City he would stay at home. And when he learns all the risks attendant upon the wearing of that ten million diamond embroidered coat, he will faint.

A Minister's Wife Much Pleased.

Elder S. S. Beaver, of McAllisterville, Juniatta Co. P., says his wife is subject to cramp in the stomach. Last summer she tried Chamberlain's Colic, Cholera and Diarrhoea Remedy for it, and was much pleased with the speedy relief it afforded. She has since used it whenever necessary and found that it never fails. For sale by druggists.

A SOCIAL authority of high standing says that rich and noble foreigners are not received in this country with the deference that is justly their due. It is sad that this should be true. With society prostrate before foreigners of the class mentioned, genuine or frauds, pampering titled boors with gifts of dowered daughters, it is difficult to understand what the lacking deference may be.

DR. PRICE'S Cream Baking Powder.

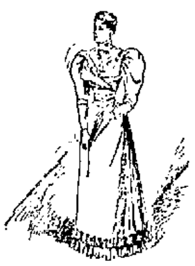
NOTES OF THE MODES.

CURRENT NEWS OF THE FASHIONS FOR WOMEN

A Chapter on the Divided Skirt—Is It Proper to Ride Astride?—A Pearl Colored Gown of Faille—Skirts for the House—General Notes.

Gown of the Latest Style.

The bodice of this dress has huge revers that cross in front and a vest made of antique crepe de chine. The jabot is fashioned of silver or [illegible] lace. The principal material is faille in a delicate shade of pearl. The skirt touches the ground and at the back and the bottom is finished with a double box-plaited ruching of the faille, divided in the center by a roll of twisted ribbon. The sleeves end in deep cuffs as shown. Above they are very full, and with the big revers they lend an appearance of width at the shoulders which is now considered correct.



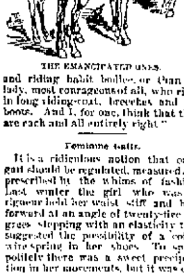
GOWN OF PEARL COLORED FAILLE.

What dear, queer things men are! They are all shouting against crinolines, just as they shouted against bustles, just as they shouted against corsets and tailor-made tightness, just as they shouted against the decollete gown and—well, everything women have ever had in the way of wear. But just let a woman dress in defiance of the prevailing mode, whatever that mode may dictate, and the men of her own family will be the first to protest. If the little ladies who remember when hoops were worn would only tell the truth they would say that if at that time a woman appeared without them, and in consequence scant and slimpsy skirts, her husband, brother, admirer or whoever the man might be who felt privileged to criticise her would shout "Do go and dress yourself! You look ridiculous." So the only thing to do is to calmly regard the decrees of fashion and not the cries of our dear men. For they will now as they always have done; bully us first not to follow the fashion, whatever it may be, and then abuse us if we don't.

Illustrated Riding Habit.

The burning question, "Should women ride astride?" has been settled in Somerset and Devon Counties, England. Half a dozen prominent women have adopted the costumes shown in the cut. They find such riding habits neat and extremely convenient for the hunting parties which lend an interest to life in that part of England. One of the emancipated ones writes the following to an English newspaper:

"The phenomenon no longer appears a phenomenon among us, so common has it become; but perhaps the real reason why we have so readily sunk our sense of the conventional in a sense of the convenient is that our hunt is essentially a business-like and workmanlike one. We come to it not for the [illegible], but for the stag; we [illegible] a rough country to travel, and we dress as best pleases us, and as we think will enable us best to enjoy the pleasures of our hunt with due regard to the susceptibilities of our neighbors. Thus, if it pleases her ladyship she will come in skirt and tennis blouse and straw hat, and she will consider herself thus attired neither more nor less remarkable than her sister huntress who comes in the most generally accepted form of riding habit and skirt, than the bolder lady who comes in divided skirts than the still bolder who appears with nether garments [illegible]



THE EMANCIPATED ONES.

and riding habit bodice, or than the lady, most courageous of all, who rides in long riding-coat, breeches and top boots. And I, for one, think that they are each and all entirely right."

Feminine Gaits.

It is a ridiculous notion that one's gait should be regulated, measured and prescribed by the whims of fashion. Last winter the girl who was au rigueur held her waist stiff and bent forward at an angle of twenty-five degrees, stepping with an elasticity that suggested the possibility of a coiled wire spring in her shoes. To speak politely there was a sweet precipitation in her movements, but it was conducive to anything but grace. Sensible women walk sensibly, that is, naturally and from the hips, with a certain amount of precision, perhaps, but evenly and lightly.

Next to a low voice there is nothing more indicative of refinement and breeding in a woman than a light step. It is strange that a small woman weighing ninety pounds often comes down stairs as if she weighed a ton, while the silken foot-fall belongs to the woman who tips the beam at 200.

The latest fad in hair-dressing is a cleverly contrived wire frame, upon which a crimped switch can be easily arranged into a light and graceful chignon.

Fashion Notes.

Pear-shaped pieces of jet are in great vogue, as are also jet ornaments in the shape of a wing or fan. In small, long-eared shapes are gold bonnets of bullion in arabesques. These are richly combined with pearls and jet.

The first rule of the London Short Skirt League is that each member shall pledge herself not to wear a walking gown with a skirt less than five inches off the ground. It would seem that the dictates of fashion are about to enforce this rule.

Among the most elegant imported velvet capes are those reaching only to the waist line, in violet, green and iridescent shades. A beautiful model of this sort has an overcape of passementerie in waved cords, which nearly covers the velvet.

A fetching though somewhat striking coat recently imported is of tan cloth, with collar and revers of Scotch plaid velvet, the loose fronts meeting across the chest, where they are fastened with a short chain of fine steel, with a bar at each end.

For both hats and bonnets are plaited velvet Alsatian bows of great size, with a buckle on the strap. Accordion plaited velvet is also used for elbows and for covering of [illegible] brims. Alsatian bows of accordion plaited lace are also seen on some of the newest millinery.

Pongee is making short jackets to accompany the shortened skirts of street suits. The average length of these street garments is from twenty-eight to thirty inches. One of these jackets is of tan cloth with revers and mutton leg sleeves of ribbon tan colored velvet shot with green.

As sleeves are not abating in size, capes as a natural consequence, remain with us as no other wrap can successfully be worn with them. Those recently imported are in a great variety and sizes of materials. Cloth capes will, however, be most used, tan and blue in grayish shades being the popular colors.

While the poke is the pronounced feature of the season's millinery, dress bonnets are very small, though somewhat long on the sides. Many of these dainty little bonnets are of jet, jeweled with colored stones, as either amethyst or emerald and jet. They are trimmed with flower sprays and high aigrettes.

A favorite material for the fashionable empire coat is sicilienne in various conservative colors. These coats have a fitted yoke, with the lower part falling in two plaits in the front and two in the back. Often deep rain fringe hangs from the yoke. This fringe is of beads that correspond with the material in color.

It is not uncommon at an evening function to see ranged together three women garmented in three distinct eras. For example, the first empire, with its unbroken lines; the superb costume of the time of Anne of Austria, with its Medici collar, and the 1830 costume, with round bertha of lace, accompanied by sandal shoes.

Cost of Stopping a Train.

By a series of calculations it has been demonstrated that it costs a railroad company ten cents to stop a locomotive and four cents for each stop of a passenger car. It often happens that a passenger does not make any move to leave the train until the order is given to go ahead, and a train must be brought to a stop again to let the slow going passenger off. This little incident costs the railroad company sixteen or twenty cents, sometimes as much as the tardy passenger has paid. This is one of the little leaks that a railroad company undertakes to guard against, and the number of coaches to a train is limited to save expense of stoppage as well as to lessen the number of pounds of coal consumed and wear and tear of its running gears.

Never Appear Ill-Bred.

To discuss your clothes, your servants or your domestic affairs is to stamp yourself ill-bred. General conversation is the only sort tolerated in the best circles. Do not talk and laugh at the theater or other places of amusement, annoying those about you who came to enjoy the performance and not your conversation. Do not stare at people and then discuss them so that there is no possibility of their mistaking the topic of your conversation; in fact, let consideration for others be your watchword and refinement your code, and your manners will improve steadily under such personal discipline.

A MILLIONAIRE club man in Chicago has been expelled for saying that his fellow members drank too much whisky. His betrayal of the secrets of the organization was regarded as unprofessional.

A Woman's Letter.

"Dear Mrs. Pinkham:

"If any one wants to know how good your medicine is, just refer them to me.

"I was so low, people thought I never could get well again.

"The trouble was in my womb, causing bearing-down and severe backache. I was so nervous and irritable my people could hardly live with me. Sometimes I would almost fall down, I was so dizzy, and how I did lie awake nights! I thought I should go crazy!

"But now all that is changed, and I am a well woman. I owe all to *Lydia E. Pinkham's Vegetable Compound.* Now, when I do not feel just right, I take a bottle of your medicine and a box of your pills. They never fail."

—Mrs. L. Travis, Thurlow, Pa.

AFTER TWENTY YEARS.

Mr. P. H. Johnson, of the Olds Wagon Works, is in Better Health Today Than He Has Been for a Score of Years.

In every township in Allen county and on every street in Fort Wayne can be found willing witnesses, who testify to wonderful benefits derived from the Stackhouse treatment.

In every household in the Summit city the name of Dr. Stackhouse has long been as familiar as that of any man in public life. The pre-eminence of this distinguished physician and his associates as professional specialists has been too long and too well established to admit of question.

"Every day, right here at home, the success of their methods is demonstrated, even in some difficult case that had baffled the skill of other practitioners.

Some of these cures seem to border on the miraculous, but the specialists of the Stackhouse Medical Institute work no miracles; they perform no sorceries. But they do cure that which is curable.

They cure that which is curable and especially solicit cases that have received no benefit from the treatment of others. An apt and forcible illustration of this is furnished by the blacksmith at the Old's Wagon Works, Mr. P. H. Johnson, of No. 73 Shawnee avenue, this city, whose portrait appears above. A few days ago Mr. Johnson made the following voluntary, unsolicited statement over his signature:

"During the past twenty years I have tried as many as six doctors in the endeavor to get relief from catarrh. For twenty years these doctors failed to cure me and I steadily grew worse. I suffered almost continually from headache and ringing in the ears. A short time ago I began treatment with the specialists of the Stackhouse Medical Institute and I am now prepared to say that I have received more benefit already than I ever did from all the doctors I had previously treated with. The headaches have now disappeared and I am much better than I have been at any time for twenty years. Since beginning treatment, my hearing has improved 75 per cent. I feel like another man and can heartily recommend Dr. Stackhouse and his staff to any who are afflicted.

P. H. JOHNSON.

$5 A MONTH DURING APRIL.

Owing to the greater prevalence of maladies of a catarrhal nature at this season due to the changeable weather of early spring, the specialists of the Stackhouse Medical Institute have decided to name a uniform low rate for the treatment of catarrh and its complications for a limited time. All in need of such medical attention may, therefore, have the benefit of all the superior facilities of the institute, including consultation, examination, services, medicines and treatment, at the low rate of $5 a month, by applying before May 1st. All such cases under treatment before May 1st, will be treated at $5 a month until cured.

STACKHOUSE MEDICAL INSTITUTE,
Permanently Located in White's New Bank Building, Corner Wayne and Clinton Streets, (Entrance Opposite Masonic Temple,) Fort Wayne, Indiana.

SPECIALTIES—Catarrh and Diseases of the Eye, Ear, Nose, Throat and Lungs, Nervous Diseases, Blood and Skin Diseases, Chronic Diseases. Successful treatment by mail. Consultation symptom blanks. Consultation and examination free. Office hours—9 to 11 a. m., 2 to 5 and 7 to 8 p. m.; Sunday, 10 to 12 a. m.

CARPETS! DRAPERIES! MATTINGS!

All these lines are complete at the Great Store. + + + +

IN CARPETS!

All the best makes of Axminsters, Moquettes, Body Brussels, Tapestry Brussels and Ingrains, Art Squares and the different kinds of Rugs are represented. There is a better selection in the Carpet Department this spring than was ever seen here before.

IN DRAPERIES!

New fresh, stylish Curtains, from the brains of the most famous Artistic Curtain Designers of the world and at prices that make it possible for the humblest home in the city to be adorned with an elegant Curtain.

IN MATTINGS!

This department is particularly strong. We think we have More and Prettier Mattings at less prices than any store in Indiana. Checks, Fancies, Plains, Stripes, Mottled, and all jointless, can be turned and used on either side.

Sole agents for the celebrated—
GOLD MEDAL SWEEPER.
-You can have one on trial.

ROOT & COMPANY.

John Johnson, formerly with Challenger & Cary, the cement pavers, has taken a position with William Kendrick, who is in the same business in this city. Mr. Johnson came here from Hartford City and has made many friends in Fort Wayne.

E. J. Heiney, formerly in the furniture business in this city, was appointed police commissioner at Chattanooga, Tenn., a few days ago by the governor Heiney left Fort Wayne about five years ago.

Rev. J. M. Driver, formerly pastor of the Simpson M. E. church in this city, has been offered a professorship in the U. S. Grant university, at Athens, Tenn. The doctor has the matter under advisement.

M. N. Webber, proprietor of Milton's place, at the northeast corner of Calhoun and Main streets, yesterday sold all the fixtures of the place and other interior improvements. Mr. Webber's lease expires July 1 this year.

Use Bloomingdale Mills Flour.

Furnishing Goods!

It is an admitted fact that we carry the most complete line of gentlemen's furnishings in the city. We do not except exclusive dealers, either, and a visit to our furnishing department and a careful examination of what we are showing in

Neckwear, Hosiery, Gloves, Dress Shirts, Suspenders, Underwear, Night Robes, Jewelry, Negligee Shirts, Etc.,

Will convince anyone that for medium and fine gents furnishings OUR store is the place to do your trading.

The Weather.

WASHINGTON, April 12—Forecast till 8 p. m. Thursday. For Indiana—Generally fair Thursday, brisk to high northwesterly winds, much colder Thursday morning and evening.

FRESH LOCAL LINES.

John Rettig has returned from Cheboygan, Wis.

F. J. Houser is in the city today from Muncie.

R. W. Peterson, of Decatur, Ind., is guest of the Aldine.

Snipe are reported very plentiful in the prairies west of the city.

The Westminster Seminary opened yesterday after the usual spring vacation.

Miss Ella Sutatoars has returned from Crestline, Ohio, where she has been visiting for some weeks.

Henry Sandkolder has taken out a permit to erect a frame house on lot 6, in Forbing's addition, costing $600.

Henry Schaffer, formerly with Geo. DeWald & Co., has taken a position at J. A. M. Storm's hardware establishment.

Catherine Parr has taken out a permit to erect a one story frame dwelling on lot 7, in Beck's addition. It will cost $650.

Rev. S. W. Brown, who filled the pulpit at the Christian church Sunday morning, left for his home at Hebron, Ind., today.

Michael Baltes, wife and daughter, left last night for Florida. Mr. Baltes hopes to regain his health in that balmy climate.

The little son of Mr. Alexander Johnson, the secretary of the state board of charities, died yesterday of diphtheria at Indianapolis.

Mr. B. B. Tobey has assumed the management of S. B. Thing & Co's shoe store. Mr. Tobey comes from the Troy, N. Y., store.

There were three drunks at police court this morning, Mag O'Leary, Abraham Brunett and Dell Buckley. Each was fined $1 and costs.

Fort Wayne council, No. 4, Cryptic Masons, have work in the degrees at the Temple this evening, followed by a grand banquet. The affair promises to be a delightful one.

Wright Dodez, who is well known in the city, and who is studying dentistry at Chicago, has been seriously troubled with his eyes lately. It is feared that he will lose his sight.

Arthur Ludewitzke, the chiropodist, who speaks seven different languages, has been ill with a bad cold for a day or so, but is now to be seen about his old quarters at Woodworth's drug store.

Local sportsmen say they will go on shooting at pigeons and sparrows all the same despite the warning of the humane society. This matter has been in the courts in a number of cities throughout the state.

It has been announced, unauthoritatively, however, that Edward Miller, of the Western Fruit company, and Miss Nellie Fahling, of this city, were married four weeks ago last Sunday, at Van Wert, Ohio.

The new hotel of Mr. William Sears, of Plymouth, at Chicago will not be three stories, as at first planned, but only two stories. It will, however, contain the same number of rooms as originally intended and will cover more ground.

Prof. J. A. Woodburn informs the class in American history at the Y. M. C. A., city department, that his last lecture, "The Financial Measures of Hamilton," will be given April 21, at 7:30 p. m., when he would like to have all the class present.

Last evening a preliminary meeting of the music dealers of the city was held and the question of discussing the movement to close the stores each evening of the week at 7 o'clock, except Saturday, met with the approval of nearly all dealers in the city. Another meeting will be held in a few days, when an agreement in favor of the early closing movement will be signed.

Shakespeare's great historical tragedy, "Julius Cæsar," will be presented at the Temple again this evening, by Charles B. Hanford's company of tragedians. Mr. Hanford is a new "star," but an old actor. He has had twelve years' experience, four of it having been spent with Edwin Booth and the late Lawrence Barrett. Hanford will exchange characters tonight with Bennett Matlack, assuming the part of Brutus.

C. E. Everett, general agent of the Union Central Insurance company, was this week in attendance at an important meeting of life insurance underwriters at Indianapolis. A constitution was adopted under which the association will incorporate under the laws of the state. According to the constitution as adopted all agents joining the association pledge themselves not to discriminate between applicants for insurance by any rebate of premium or other consideration.

An interesting meeting was last evening held at the St. Patrick's church school house. The object of the gathering was the discussion of plans for improving the Catholic cemetery. All the Catholic clergy of the city were present. [illegible] Father Brammer [illegible] did also Father De[illegible] chosen chairman. At [illegible] meeting the sum of $[illegible] was subscribed for stock. To [illegible] the congregation of St. Peter's church [illegible] meet and discuss plans. The [illegible] money raised by these subscriptions will at once be put to use in beautifying the cemetery, which is in [illegible] need of improvement. The [illegible] company has promised to extend its lines.

GOOD WORK DONE.

The Ladies of the Relief Corps Have a Prosperous Year.

New Board of Directors Elected—Affairs in Society Circles and Party Given by Miss Octavia Stewart.

Yesterday afternoon the annual meeting of the Relief Union was held in the new Industrial school building, on Pritchard street. The reports of the different officers showed that the past year had been a very successful one especially in point of good work accomplished. The report of the superintendent, Miss Emma Eckles, showed that 175 applications had been made at the office for help. The number of persons helped was 175, among whom were deserted wives, widows, widowers, old men without homes and 250 children. The Industrial school building has just been built at a cost of $1,400 and with the result of the letters sent out all over the city, which is $650, and other subscriptions promised the building will be paid for without crippling the treasury too much. This building will be used as a school for teaching housework and sewing and the ladies hope to have in a short time, a free kindergarten. As soon as possible a sewing society will be organized for those who have had no opportunity of learning how to mend or improve clothing. A penny provident station has been established at the office of the union and very many are taking advantage of this way of saving small sums, as anything from a penny to fifty cents may be deposited there. The Home of Emergencies is nearly filled and doing good work as was evidenced by the reports of the president, Mrs. J. H. Bass, and the secretary, Mrs. I. E. Thayer. The receipts for the year with the balance on hand last year were $2,612.22 and expenses, $2,272.03, both expenditure and receipts being greater than any previous year on account of the Industrial school. The following ladies were elected as the board of directors: Mesdames J. H. Bass, S. B. Bond, O. P. Morgan, C. E. Bursley, L. R. Leonard, E. T. McKean, Thomas Jackson, A. D. Guild, E. Carter, W. L. Carnahan, I. E. Thayer, W. D. Page, Samuel Foster, Miss Emma Eckels.

SOCIETY GOSSIP.

Mrs. E. L. Siver has recovered from a severe attack of the grippe.

Mrs. J. J. Jenkinson and son are the guests of relatives in Goshen.

Miss Nellie Carroll, of Bucyrus, Ohio, is visiting her parents on Butler street.

Mr. and Mrs. William Conrad, of Warsaw, are spending a few days in the city.

Misses Clara and Martha Comer, of Lima, Ohio, are the guests of their aunt, Mrs. Julius Koch, of 47 Oliver street.

This morning, at his office, Justice Harry France united in marriage John Hill and Miss Delilah Root, both of this city.

Mrs. Grout and daughter, Miss E. H. Buttenbender, of Elyria, Ohio, are the guests of Mrs. Luther Wright, of 41 Lavina street.

Mr. and Mrs. E. W. Walker, Mr. and Mrs. Daly, who were guests at the Shider-Walker wedding, returned to Goshen today.

Miss Lotta Hull, of Logansport, has returned to this city to continue her studies in music at Mrs. L. Webb Banister's Music school.

Mrs. J. W. Austin, who has been the guest of her parents, Mr. and Mrs. Hoffer, of the north side, returned today to her home in Kendallville.

It is now the proper caper at church weddings for the guests to be ushered out of the church after the ceremony by the groom's attendants, and with the same polite deference with which they were shown to a seat.

One of the pleasant events of last evening was the promenade concert given by the Sons of Columbus, at their hall on West Wayne street. Reineke's orchestra furnished the music and the dancing was continued until a late hour.

Miss Artena Chapin will return Friday from Ann Arbor, Mich., where she has been attending the university, and will spend a two weeks' vacation in this city. She will be accompanied by her class mate, Miss Lorena Seymour, of St. Louis, who will be her guest.

The fair of the Rifles' armory continues to be one of the chief attractions for the public. The ladies in charge of the several booths last evening were kept busy selling their wares and all did a thriving business. The drill by the young ladies, under command of Capt. J. E. Miller, was very well executed.

Last evening Miss Octavia Stewart gave a very charming card party at her home on West Jefferson street, in honor of Miss Stella Manville, of Cleveland, Ohio, who is the guest of Miss Mable Robertson. At the conclusion of several interesting games, dainty refreshments were served and prizes awarded. Among those present were:
